The Cohasset Community Center, Inc. inaugurates a First Night Celebration on the Town Common.

BOARD OF SELECTMEN

This year can truly be termed the Year of Volunteerism in Cohasset. Major projects spearheaded by local citizens on Town property went into high gear in 1992. Most notable of these are the leasing and reconstruction of the Government Island Duplex by the Cohasset Lightkeepers Corporation, the gift of the Bates Building to South Shore Habitat for Humanity, Inc. as affordable housing, construction of a Veterans' Memorial by a coalition of local organizations, and the addition to the Community Center which will result, among other things, in upgraded facilities for use of the Council on Aging.

These activities involved contributions of time, services, and money by hundreds of persons, both inside and outside of Cohasset, on projects which will have community-wide benefits. The Board wishes to gratefully acknowledge this work on behalf of all Cohasset's residents and Town government.

The Board also extends its thanks to the Cohasset Police Association which raised money from residents and businesses to purchase new state of the art weapons for the Police Department.

The Board gratefully acknowledges the contributions of Joseph M. Kealey for his twenty-seven years of service to the Town, during ten of which he served as Police Chief.

This year was also characterized as one in which the Town's public safety services have been a subject of much concern and effort. Fire Chief John Nadeau brought new ideas and energy to revitalize and refocus the Fire Department with a goal of "fast, clean, friendly, professional service at an exceptional value." A recruitment campaign for call firefighters exceeded expectations, and it is gratifying that due to the efforts of the Fire Chief and the interest of Townspeople the call force has been increased from fourteen to twenty-four, which greatly enhances the Town's capability of fighting a major fire.

The Fire Department has revamped its ambulance billing system, and the Board is pleased that collections have improved dramatically, while rates have been maintained below what other area communities charge.

A Public Safety Committee authorized by Town Meeting is studying various aspects of Town departments. The committee is expected to make its recommendations at the 1993 Annual Town Meeting.

An effort to study regionalized area fire departments got under way in earnest, and has been supported by a \$30,000 state grant to Cohasset and the Towns of Hingham, Hull, Norwell and Scituate.

ONGOING AGENDA ITEMS

As we enter 1993 we look forward to the completion of repairs to storm damaged areas of Atlantic Avenue and Jerusalem Road.

Plans are already being developed to implement 9-1-1 and to improve radio communications.

As usual, finances will remain a focus of attention and concern. Residents have a right to quality services and we will strive to provide, and where possible, improve them. However, your Town officials must continually wrestle with demands for higher service levels versus the willingness or ability of residents to pay for those services.

Finally, the Board would like to recognize the capable work provided by Town employees, especially public safety and public works personnel. Their outstanding efforts keep Cohasset a safe and desirable place to live, in spite of occurrences such as the December 12 storm, and other day to day problems that receive far less notoriety. Also, the Norfolk County Engineering Department deserves special thanks for providing technical assistance on many of the Town's construction projects. Our thanks go, too, to all Town officials, boards, committees and department heads for their co-operation in this past year.

Resolution offered by Barbara Bliss, Chairwoman of the School Committee.

WHEREAS C. Christopher Ford has served the Town of Cohasset as a member of the School Committee for six years, and as its Vice Chairman for three years; and

WHEREAS Mr. Ford has chosen not to stand for re-election to the Committee; and

WHEREAS Mr. Ford's special role as a graduate of the Cohasset Public Schools and a long-time educator and his thoughtful consideration and dedication to quality education brought a unique perspective to the Committee.

NOT THEREFORE be it resolved that the citizens of Cohasset do hereby recognize Mr. Ford for his invaluable service to the children and the Town.

Resolution is unanimously adopted.

ARTICLE 4. To hear and act upon the report and recommendations of the Personnel Committee, and to see if the Town will vote to amend its Personnel Classification By-Law Schedule by adopting or amending as heretofore adopted and to raise and appropriate a sum of money necessary to pay the increases in compensation according to any amendments to the Personnel Classification By-Law Schedule for the ensuing fiscal year.

ARTICLE 4

MOVED: That the report and recommendations of the Personnel Committee, with respect to amending the Personnel Classification By-Law Schedule be and hereby is amended as heretofore adopted; and any position existing prior hereto not referred to in the Schedule shall continue to be compensated at the rate set forth in the 1991 Salary and Rate Schedule incorporated in Article 4 of the Warrant for the 1992 Annual Town Meeting and to meet the pay increases set forth in the amended Schedule for the ensuing fiscal year, the sum of Eighteen Thousand, Eight Hundred Eighty-Four and no/100 (\$18,884.00) Dollars be appropriated to be credited to the personnel services and expense appropriation accounts affected in accordance with the attached schedule; and to meet the appropriation, the sum of Thirteen Thousand, Four Hundred and Ninety-Eight and no/100 (\$13,498.00) Dollars be raised and appropriated by taxation and the balance of Five Thousand Three Hundred Eighty-Six and no/100 (\$5,386.00) Dollars be transferred from water revenue.

ARTICLE 6. To see if the Town will vote to assume liability in the manner provided in Massachusetts General Laws, Chapter 91, Section 29 for all damages that may be incurred by work to be performed by the Department of Public Works of the Commonwealth of Massachusetts for the improvements, development, maintenance and protection of tidal and non-tidal rivers and streams, harbor, tidewaters, and foreshores along public beaches, in accordance with Massachusetts General Laws, Chapter 91, Section 11, and authorize the Selectmen to execute a bond of indemnity therefore to the Commonwealth of Massachusetts.

MOVED: That the Town assume liability in the manner provided in Massachusetts General Laws, Chapter 91, Section 29 for all damages that may be incurred by work to be performed by the Department of Public Works of the Commonwealth of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, and foreshores along public beaches, in accordance with Massachusetts General Laws, Chapter 91, Section 11, and that the Selectmen be authorized to execute a bond of indemnity therefore to the Commonwealth of Massachusetts.

MOTION is adopted unanimously.

Resolution offered by Diana Kornet.

RESOLUTION

BE IT RESOLVED THAT:

WHEREAS, Edwin H. Tebbetts has served for three years as a Selectman of the Town, and for one year as chairman; and

WHEREAS, Edwin H. Tebbetts has also served for more than eight years on the Capital Budget Committee, and for seven years as its chairman; and

WHEREAS, the Town of Cohasset acknowledges his contribution towards assisting the Town's citizens in the difficult struggle to determine an acceptable balance between their quality of life and its cost through taxation; and

WHEREAS, he has brought to his service to the Town a valuable and insightful financial expertise in prioritizing values;

NOW, THEREFORE, BE IT RESOLVED: That the citizens of Cohasset, in Town Meeting assembled, on this fourth day of April, 1992, express their appreciation to Edwin H. Tebbetts for his active and dedicated interest in the promotion of sound Town government to the general welfare of all.

Resolution is adopted unanimously.

ARTICLE 7. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the fiscal year beginning July 1, 1992, in accordance with the provisions of Massachusetts General Laws, Chapter 44, Section 4 and to issue a note or notes therefore payable within one year and to renew any note or notes as may be given for any period less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17.

MOVED: That the Town Treasurer, with the approval of the Board of Selectmen, be authorized to borrow money from time to time in anticipation of the Revenue of the fiscal year beginning July 1, 1992, in accordance with the provisions of Massachusetts General Laws, Chapter 44, Section 4 and to issue a note or notes therefore payable within one year, and to renew any note or notes as may be given for any period less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17.

A 2/3 vote is required. **MOTION** is adopted unanimously.

ARTICLE 8. To see if the Town will vote to amend Article II of the General By-Law TOWN MEETING by deleting Subsection (a) of Section 1 thereof and substituting in its place the following Subsection (a);

- (a) The Annual Town Meeting shall be held on the last Saturday in March in each year at 10:00 a.m. The meeting for the election of those Town Officers who by law must be elected by ballot, and for determining such matters as by law may be decided by ballot, shall take place on the first Saturday in April; polls shall be open at 8:00 a.m. and shall remain open until 6:00 p.m. or until such further time as the Meeting may vote.

MOVED: That **ARTICLE II** of the General By-Laws TOWN MEETING be amended by deleting Subsection (a) of Section 1 therefore and substituting in its place the following Subsection (a):

- (a) The Annual Town Meeting shall be held on the last Saturday in March in each year at 10:00 a.m. The meeting for the election of those Town Officers who by law must be elected by ballot and for determining such matters as by law may be decided by ballot, shall take place on the first Saturday in April; polls shall be open from 8:00 a.m. and shall remain open until 6:00 p.m. or until such further time as the meeting may vote.

MOTION adopted unanimously.

It was moved by Richard Henderson that Articles 9 - 44 of the Warrant for the 1992 Annual Town Meeting be considered and acted upon, upon the basis of random selection, except that Articles 14, 15, & 16 be considered and acted upon consecutively once one of those articles has been selected.

MOTION is adopted.

ARTICLE 43. To see if the Town will transfer from available funds a sum

of money for the purpose of installing and constructing a drainage system under Linden Circle and to meet the appropriation, a sum of money be transferred from an account maintained by the Town Treasurer and containing funds deposited by abutters to Linden Circle for the purpose of paying the costs of materials relating to the construction and installation of the drainage system.

MOVED: That the sum of Two Thousand and no/100 (\$2,000.00) Dollars be transferred from available funds for the purpose of installing and constructing a drainage system under Linden Circle and to meet the appropriation, the sum of Two Thousand and no/100 (\$2,000.00) Dollars be transferred from an account maintained by the Town Treasurer and containing funds deposited by abutters to Linden Circle which funds shall be used for the purpose of paying the costs of material relating to the construction and installation of the drainage system.

MOTION is adopted unanimously.

ARTICLE 18. To see if the Town will vote to rescind authorization to borrow the sum of One Thousand and no/100 (\$1,000.00) Dollars previously authorized under Article 22 of the Warrant for the 1990 Annual Town Meeting which money was to be used for the purpose of making renovations and improvements to use the Police/Fire Station; the sum of One Thousand and no/100 (\$1,000.00) Dollars no longer being needed for the purposes of the project.

MOVED: That the Town rescind authorization to borrow the sum of One Thousand and no/100 (\$1,000.00) Dollars previously authorized under Article 22 of the Warrant for the 1990 Annual Town Meeting which money was to be used for the purpose of making renovations and improvements to the Police/Fire Station; the sum of One Thousand and no/100 (\$1,000.00) Dollars no longer being needed for the purpose of the project.

MOTION adopted unanimously.

ARTICLE 38. To see if the Town will vote to authorize the Board of Selectmen to grant an easement to the First Parish Church of Cohasset for the purpose of constructing, using, repairing, maintaining, and replacing a septic system to be located under Cohasset Common, which easement shall be located as shown on the plan filed with the Town Clerk and endorsed "Plan Article 38".

MOVED: That the Board of Selectmen be and they hereby are authorized and directed to grant an easement to the First Parish Unitarian Church of Cohasset on a portion of Cohasset Common for the purpose of installation, repair, maintenance, replacement, and use of a septic system. The easement to be to the immediate north of the First Parish Unitarian Church structure to be approximately eight hundred (800) square feet in area. The precise dimensions of the easement and its location on the Common shall be at the sole discretion of the Board of Selectmen with such additions thereto or changes from the size as they deem necessary and appropriate to accomplish the purposes of the motion, the execution and delivery of such easement to be conclusive evidence of their authority to do so. The approximate location of the easement is shown on the diagram filed with the office of the Town Clerk and marked "Plan Article 38".

A 2/3 vote is required MOTION is adopted unanimously.

To see if the Town will vote to amend Article VII of the By-Laws by adding the following:

Section 33.(a) The owner or operator of a private landfill in the Town shall as approved by the Board of Health provide for maintenance of the property, leachate collection, leachate treatment or removal, runoff control, air monitoring, odor control, surface water testing and ground water testing for a period of fifty (50) years following the abandonment or approved closure of said landfill such that said abandoned or closed landfill does not constitute a threat to public health and the environment nor contaminate the air, land or water resources or public health of the Town.

(b) Said owner or operator shall submit a written plan for completing said actions and the estimated costs of said actions to the Board of Health no later than one hundred and twenty days following the effective date of this By-Law and on or before January 15 of each year thereafter. Said plan shall not become effective until approved by the Board of Health.

(c) The owner or operator of a private landfill in the Town shall have in force at all times one or more bonds, irrevocable letter of credit, escrow account, or other financial instruments approved by the Board of Health in an amount in total which is sufficient to pay in full the costs as determined by said Board for completing the actions required in paragraph (a) and to absolve the Town of any such financial liability.

(d) Said financial instruments shall be approved by said Board and shall provide that the Board shall be a party or co-obligee to said mechanism or mechanisms to the extent that it shall have the right to obtain, without the consent of the owner or operator, exclusive direction and control over the transfer, use and disbursement of funds from said instruments exclusively for maintenance, leachate collection, leachate removal, air monitoring, surface and ground water testing, or any other costs deemed necessary by the Board to properly regulate said landfill

or to protect public health and the environment for a fifty-year period following the abandonment or approved closure of said landfill.

(e) A report of the Board of Health of the provision of said financial mechanisms shall be submitted to the Board of Selectmen no later than thirty (30) days following approval by the Board of Health, and shall not be effective until approved by the Board of Selectmen.

(f) Upon proof of failure of said owner or operator to comply with this section or regulations adopted thereto, the Board of Health following a public hearing for which notice has appeared in a newspaper of general circulation in the town no less than fourteen days prior to said hearing may issue an order for immediate provision of said required financial mechanisms.

(g) The Board of Health is hereby authorized to adopt regulations to implement the provisions of this section. Said regulations shall require said owner or operator to publicly disclose all personal or corporate financial assets.

(h) Each of the paragraphs within this section shall be constructed as separate to the end that if any sentence, clause, or phrase thereof shall be held invalid for any reason the remainder of that paragraph and all other paragraphs of this section shall continue in full force."

ARTICLE 37

MOVED: That Article VII of the General By-Laws, SAFETY AND PUBLIC ORDER be amended by adding thereto a new Section 33 which shall read as follows:

"Section 33. (a) The owner or operator of a private landfill in the Town shall, as approved by the Board of Health, provide for maintenance of the property, leachate collection, leachate treatment or removal, runoff control, air monitoring, odor control, surface water testing and ground water testing for a period of thirty (30) years following the abandonment or approved closure of said landfill to ensure that said abandoned or closed landfill does not constitute a threat to public health and the environment nor contaminate the air, land or water resources or public health of the Town.

(b) Said owner or operator shall submit a written plan addressing operation maintenance and monitoring for competing said actions and the estimated costs of said actions to the Board of Health no later than one hundred and twenty days following the effective date of this by law and on or before January 15 of each year thereafter. Said plan shall not become effective until approved by the Board of Health.

(c) The owner or operator of a private landfill in the Town shall have in force at all times one or more bonds, surety bonds, irrevocable letter of credit, escrow account, or other financial instruments approved by the Board of Health in an amount in total which is sufficient to pay in full the costs as determined by said Board for completing the actions required in Paragraph (a) and to absolve the Town of any such financial liability.

(d) Said financial instruments shall be approved by said Board and shall provide that the Board shall be a party or co-obligee to said mechanism or mechanisms to the extent that it shall have the right to obtain, without the consent of the owner or operator, exclusive direction and control over the transfer, use and disbursement of funds from said instruments exclusively for maintenance, leachate collection, leachate removal, air monitoring, surface and ground water testing,

or any other costs deemed necessary by the Board to properly regulate said landfill or to protect public health and the environment for a thirty (30)-year period following the abandonment or approved closure of said landfill.

(e) Upon failure of said owner or operator to comply with this section or regulations adopted thereto, the Board of Health following a public hearing for which notice has appeared in a newspaper of general circulation in the town no less than fourteen days prior to said hearing may issue an order for immediate provision of said required financial mechanisms.

(f) The Board of Health is hereby authorized to adopt regulations to implement the provisions of this section. Said regulations shall require said owner or operator to publicly disclose its financial assets.

(g) Each of the paragraphs within this section shall be construed as separate to the end that if any sentence, clause or phrase thereof shall be held invalid for any reason the remainder of that paragraph and all other paragraphs of this section shall continue in full force.”

To the extent that any portion of this By-Law conflicts with laws of the Commonwealth of Massachusetts or regulations promulgated thereunder, such statutes or regulations shall prevail.

MOTION is adopted.

A MOTION was made by Richard Henderson to adjourn the meeting to Monday, April 6, 1992 at 7:30 P.M. at the Cohasset High School Auditorium. MOTION adopted unanimously at 5:00 P.M.

MONDAY EVENING – APRIL 6, 1992

Monday night checkers previously appointed by the Town Clerk reported to work at 7:00 P.M. and tellers previously appointed by the Moderator reported at 7:30 P.M. The Moderator called the meeting to order at 8:02 P.M. and a quorum of 100 was present at that time. A total of 127 registered voters were checked in.

Resolution offered by Edwin Tebbetts, Chairman of the Board of Selectmen:

BE IT RESOLVED THAT:

WHEREAS, the Town of Cohasset is endowed with the service of more than two hundred and fifty men and women who volunteer their time and ability by serving on more than thirty boards, committees, councils, and commissions, as well as representing the Town in numerous regional and state-wide organizations; and

WHEREAS, these volunteers command a wide range of talent and capability which is generously furnished to the use of the Town, freely and without stint of rancor; and

WHEREAS, this contribution of time and talent provides a strong foundation for the enhancement of the democratic process.

NOW, THEREFORE, be it resolved that the citizens of Cohasset, in Town Meeting assembled on this sixth day of April, 1992, expresses sincere appreciation to these dedicated volunteers for their contribution to stable and progressive Town government.

Resolution is adopted.

ARTICLE 14. To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 40, Section 57 which permits the Town, by By-Law or ordinance, to deny, any application for or revoke or suspend any local license or permit, including renewals and transfers, issued by any board, officer, or department for any person, corporation, or business enterprise who has neglected or refused to pay any local taxes, fees, assessments, betterments.

MOVED: That this article be indefinitely postponed.

MOTION is adopted.

ARTICLE 15. To see if the Town will vote to amend Article VI of the General By-Laws MUNICIPAL FINANCE by adding thereto a new Section 6 which shall read as follows:

“Section 6.

- (a) The Treasurer-Collector shall annually furnish to each department, board, commission or division (‘licensing authority’) that issues licenses or permits, including renewals and transfers, a list of persons, corporations, or business enterprises (‘party’) that has neglected or refused to pay any local taxes, fees, assessments, betterments, or other municipal charges for not less than a twelve (12) month period and that such party has not filed in good faith a pending application for abatement of such tax, or pending petition before the Appellate Tax Board.
- (b) The licensing authority may deny, revoke, or suspend any license or permit, including renewals and transfers, for any party whose name appears on the list furnished to the licensing authority from the Treasurer-Collector; provided, however, that written notice is given to the party and the Treasurer-Collector, as required by applicable provisions of law, and that the party is given a hearing to be held not earlier than fourteen (14) days after the notice. The list shall be prima facie evidence for denial, revocation, or suspension of the license or permit to any party. The Treasurer-Collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation, or suspension. Any findings made by the licensing authority with respect to such license denial, revocation, or suspension shall be made only for the purpose of such proceeding and shall not be relevant to or introduced in any proceeding of law, except for any appeal from such license denial, revocation, or suspension. Any license or permit denied, suspended or revoked under this Section shall not be reissued or renewed until the licensing authority receives a certificate issued by the Treasurer-Collector that the party is in

good standing with respect any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as of the date of issuance of the certificate.

- (c) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating the limitations to the license or permit and the validity of the license or permit shall be conditioned upon the satisfactory compliance with the agreement. Failure to comply with the agreement shall be grounds for the suspension or revocation of the license or permit, provided, however, that the holder of the license be given notice and a hearing as required by applicable provisions of law.
- (d) The Board of Selectmen may waive any denial, suspension, or revocation, if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in the State Conflict of Interest Statute in the business or activity conducted in or on the property.
- (e) This Section shall not apply to any license or permit exempted from the provisions of this By-Law by Massachusetts General Laws, Chapter 40, Section 57 or to any other local license or permit that may be excluded from this By-Law by action of the Town Meeting from time to time."

MOVED: That this Article be indefinitely postponed.

MOTION is adopted.

ARTICLE 16. To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 40, Section 22F as added by Chapter 138, Section 123 of the Acts of the Massachusetts Legislature 1991 Regular Session, which provides a basis upon which municipal boards or officers empowered to issue licenses permits, certificates, or to render a service or perform work for a person or class of persons may from time to time fix reasonable fees for such licenses, permits, or certificates issued pursuant to statute or regulation.

MOVED: That this Article be indefinitely postponed.

MOTION is adopted.

ARTICLE 40. To see if the Town will vote to amend Article V of the General By-Laws APPOINTED STANDING TOWN BOARDS AND COMMITTEES by deleting Subsection (a) of Section 7 therefrom and substituting in its place the following Subsection (a):

"(a)(i) The Conservation Commission shall consist of seven (7) members, each appointed for a three (3)-year term by the Board of Selectmen. Two (2) members shall be appointed each of two (2) successive years, with three (3) members appointed the following year.

(ii) There shall also be two (2) associate members, each appointed for a one (1)-year term by the Board of Selectmen. The associate members shall be non voting."

ARTICLE 40

MOVED: That Article V of the General By-Laws **APPOINTED STANDING TOWN BOARDS AND COMMITTEES** be amended by deleting Subsection (a) of Section 7 therefrom and substituting in its place the following Subsection (a):

To see if the Town will vote to amend the By-Laws:

(a) By amending section 2(d) of Article III by adding the following:

“Said Annual Report shall include (a) a written report by Town Counsel and approved by the Board of Selectmen which shall specifically describe all legal services in the past calendar year for which Town funds were paid to Town Counsel or to an assistant Town Counsel and which specifically describes the subject and status of all court cases, legal actions, or legal services for which said funds were expended, and (b) a written report by the Town Accountant which shall list the legal costs incurred by the Town in the previous calendar year which shall provide the total amount of such expenditures, the amount of such expenditures for each Town department, agency, and board, and the amount of such expenditures for every new pending, or completed court case, legal action, or other legal service which has incurred legal costs.”.

(b) By amending section 2(a) of Article IV by adding the following:

“The appointment of an assistant Town Counsel shall expire no later than June 30 of each year, unless sooner dismissed by Town Council. An assistant Town Counsel shall be appointed for a term of no more than one year, and may be reappointed to one or more additional one-year terms. No assistant Town Counsel shall be reappointed until such time as he has submitted to the Board of Selectmen and Town Council a written report as required by Town Council specifically detailing the substance of the legal services provided and the status of all court cases and all legal matters for which the costs of such legal services were incurred.”; and

(c) By amending section 3(c) of Article IV by adding the following:

“No warrant for the payment of services of an assistant Town Counsel shall be drawn by the Town Account and no such payment shall be made until such time as the Town Accountant receives from the Board of Selectmen an invoice or bill approved by said Board which specifically describes the subject content, and status of the court cases or other legal matters for which said services which were rendered or performed, the total amount invoiced, and the hourly rate for such services.”;

ARTICLE 35

MOVED: That Article III of the General By-Laws, ELECTED TOWN OFFICIALS be amended by deleting therefrom Subsection (d) of Section 2 and substituting in its place the following Section 2, Subsection (d) which will provide as follows:

“d) Said Annual Report shall include (a) a written report by Town Counsel and approved by the Board of Selectmen which shall specifically describe all legal services in the past calendar year for which Town funds were paid to Town Counsel and which specifically describes the subject and status of all court cases, legal actions, or legal services for which said funds were expended, and (b) a written report by the Town Accountant which shall list the legal costs incurred by the Town in the previous calendar year which shall provide the total amount of such expenditures, the amount of such expenditures for each Town department, agency, and board, and the amount of such expenditures for every new, pending, or completed court case, legal action, or other legal service which has incurred legal costs.”; and further

That Article IV of the General By-Laws APPOINTED TOWN OFFICERS be amended by deleting Section 2, Subsection (a) and by adding thereto the following additional paragraph which will read as follows:

“The appointment of an assistant Town Counsel shall expire no later than June 30 of each year, unless sooner dismissed by Town Council. An assistant Town Counsel shall be appointed for a term of no more than one year, and may be reappointed to one or more additional one-year terms. No assistant Town Counsel shall be reappointed until such time as he has submitted to the Board of Selectmen and Town Council a written report as required by Town Council specifically detailing the substance of the legal services provided and the status of all court cases and all legal matters for which the costs of such legal services were incurred.”; and further

That Article IV of the General By-Laws be further amended by adding to Subsection (c) of Section 3 the following:

“No warrant for the payment of services of an assistant Town Counsel shall be drawn by the Town Accountant and no such payment shall be made until such time as the Town Accountant receives from the Board of Selectmen an invoice or bill approved by said Board which specifically describes the subject, content, and status of the court cases or other legal matters for which said services which were rendered or performed, the total amount invoiced, and the hourly rate for such services.”

MOTION is rejected.

Resolution offered by Martha Gjesteb, member of the Board of Selectmen.

WHEREAS, FRANCES L. MARKS has served the Town of Cohasset as Assistant Town Clerk since 1972, and as elected Town Clerk since 1984; and

WHEREAS, she has the distinction of being the first woman elected as Town Clerk; and

WHEREAS, in the conduct of her office she has effectively enforced the requirements of the Open Meeting Law, in addition to the efficient performance of her multifarious duties as Town Clerk; and

WHEREAS, she has won the support and admiration of her co-workers and the general populace in the impartial and exemplary fulfillment of her elected duties;

NOW, THEREFORE, BE IT RESOLVED, that we, the Board of Selectmen of the Town of Cohasset, on the occasion of her retirement from public office, acknowledge, on behalf of all those she has productively served, her diligence to the duties of her elected office, and her constant and energetic pursuit of all of its requirements.

To see if the Town will authorize the creation of a committee for the study of the structure of public safety services. The mission of the committee shall be to determine the most effective and efficient means, locally or regionally, by which the Town can provide public safety services. For the purposes of this article, public safety services shall include but not be limited to police and fire. Such Committee shall consist of nine (9) members, including:

- five (5) citizen members appointed by a group consisting of the Chairman of the Board of Selectmen, the Chairman of the Advisory Committee, and the Town Moderator
- one member selected by and representing the Advisory Committee

- three (3) members selected by the Board of Selectmen and representing respectively:
 - the Board of Selectmen
 - the Fire Department
 - The Police Department

The Committee shall meet at least once a month, or more often as may be required. It shall report its findings to the annual town meeting in April 1993 and shall, in the interim, inform the Board of Selectmen and the Advisory Committee of its findings from time to time as it deems reasonable. The Board of Selectmen shall cooperate with the Committee and will direct Town employees to provide the Committee with such information as may be reasonably required for it to fulfill its mission. The Committee's authority shall be evaluative and advisory in nature. It is anticipated that should the committee decide to recommend significant changes in the structure of public safety services, such recommendation would be formulated in future warrant articles for future consideration by the Town:

TOWN CLERK'S REPORT

SPECIAL TOWN MEETING NOVEMBER 16, 1992

At the Special Town Meeting held on November 16, 1992 at the Cohasset High School Auditorium at 7:30 P.M. the following articles were contained in the warrant and acted upon as recorded. Checkers sworn in Town Clerk, Marion Douglas at 7:00 P.M. were Margaret Bates, Jacquelyn McGuire, Ann Niccichi, Dorothea Parmenter, and Kathleen Rhodes.

Tellers appointed by Moderator, George L. Marlette at 7:30 P.M. were Raymond Buckley, Arthur Lehr, Janet MacLure and Grace Tuckerman. Total registered voters checked in on the voting list totaled 178 voters.

The Moderator called the meeting to order at 7:55 P.M. and had examined the call of the meeting and found it to be in order. The Moderator then called the Pledge of Allegiance.

Proclamation offered by Martha Gjesteb, member of the Baord of Selectmen.

WHEREAS, WILLIAM D. WEEKS has faithfully served as Moderator for the Town of Cohasset from July 15, 1981, to September 10, 1992; and

WHEREAS, he has brought to this inestimable office a high degree of skill and proficiency, distinguishing himself with the ability to treat his fellow Townsment fairly and impartially in the conduct of the great institution of Open Town Meeting; and

WHEREAS, he has shown tireless dedication to the pursuit of furthering the democratic process without personal or prestigious motivation, and has thereby earned the esteem of his contemporaries;

NOW, THEREFORE, BE IT RESOLVED' that we, the Board of Selectmen, of the Town of Cohasset, on the occasion of his retirement from public office, acknowledge, on behalf of all those whom he has so productively served, his altruistic dedication to the duties of the high calling of his elected office.

Given under our hands and the seal of the Town of Cohasset this sixteenth day of November in the year One Thousand Nine Hundred and Ninety-Two.

PROCLAMATION is adopted.

ARTICLE 1. To see if the Town will vote to amend Article IX of the General By-Laws, HARBOR, by deleting therefrom Subparagraphs (iv) and (vi) of Paragraph (a), Section 2, and substituting in their places the following Subparagraphs (iv) and (vi):

(vi) A mooring location waiting list shall be maintained by the Harbormaster, using the date on the 'Application for Mooring Location' as the basis for position on the list. All persons must reaffirm their position on the waiting list by April 1 of each year with the Harbormaster. If a person fails to reaffirm his or her posi-

tion on the waiting list by April 1, the harbormaster shall send such person a notice by certified mail ("Notice") of such failure to reaffirm and thereafter, upon reaffirmation and payment of a fine within fifteen (15) days of the receipt of the Notice, the person shall be entitled to maintain their position on the waiting list. A record of the reaffirmation shall be kept on the 'Application for Mooring Location' form on file with the Harbormaster. Persons not reaffirming on or before April 1 in each year or within the fifteen (15) day grace period shall be removed from the list. The Selectmen shall from time to time set the fine for failure to reaffirm on the mooring list prior to April 1."

"(vi) Mooring fees shall be paid by April 1, of each year. If any mooring permit holder ("Holder") fails to pay the mooring fee, the Harbormaster shall send the Holder a notice by certified mail ("Notice") of such failure and thereafter upon payment of the mooring fee and a fine within fifteen (15) days of the receipt of such Notice, the Holder shall be entitled to retain the mooring location. In the event the Holder fails to pay the fine and mooring fee within fifteen (15) days of the receipt of the Notice, the Harbormaster shall remove such Holder's mooring tackle from the confines of Cohasset Harbor, and such removal shall be at the expense of the Holder. The Selectmen shall from time to time set the fine for failure to pay the mooring fee on or before April 1."; or act on anything relating thereto.

MOVED: That Article IX of the General By-Laws, Harbor, Section 2, Paragraph (a) be amended by deleting Subparagraph (x) and substituting in its place the following Subparagraph (x) and by adding to Subparagraph (xi) a new Subparagraph (cc) which amendments will read as follows:

(x) A mooring location waiting list shall be maintained by the Harbormaster, using the date on the "Application for Mooring Location" as the basis for position on the list. All persons must reaffirm their position on the waiting list by April 1 of each year with the Harbormaster. If a person fails to reaffirm his or her position on the waiting list by April 1, the Harbormaster shall send such person a notice by certified mail ("Notice") of such failure to reaffirm and thereafter, upon reaffirmation and payment of a fine within fifteen (15) days of the receipt of the Notice, the person shall be entitled to maintain his or her position on the waiting list. A record of the reaffirmation shall be kept on the 'Application for Mooring Location' form on file with the Harbormaster. Persons not reaffirming on or before April 1 in each year or within the fifteen (15) day grace period shall be removed from the list. The Selectmen shall from time to time set the fine for failure to reaffirm on the mooring list prior to April 1.

(cc) If a mooring holder ('Holder') fails to pay the mooring fee by April 1 of each year, the Harbormaster shall send the Holder a notice by certified mail ('Notice') of such failure and thereafter upon payment of the mooring fee and a fine within fifteen (15) days of the receipt of such Notice, the Holder shall be entitled to retain the mooring location. In the event the Holder fails to pay the fine and mooring fee within fifteen (15) days of the receipt of the Notice, the Harbormaster shall remove such Holder's mooring tackle from the confines of Cohasset Harbor, and such removal shall be at the expense of the Holder. The Selectmen shall from time to time set the fine for failure to pay the mooring fee on or before April 1.

Proclamation read by Rocco Laugelle, member of the Board of Selectmen.

WHEREAS, JOSEPH M. KEALEY has served the Police Department of the Town of Cohasset with distinction, progressing from Patrolman in 1967, to Acting Chief in September 1982, and finally, to Chief of Police in March 1983; and

WHEREAS, in the diligent pursuit of his duties he has, among many other accomplishments, maintained the discipline and morale of the Police Department, supervised the successful much-needed renovation of the Police Station, and assisted the Police Association in the upgrading of the Department's weapons, while accomplishing the monumental task of maintaining a level funded departmental budget for the entire ten years of his tenure as Police Chief, during which time he has taken no sick leave; and

WHEREAS, he has set an enviable role model in maintaining a distinctive standard of meticulousness in dress and bearing; and

WHEREAS, he has exercised admirable leadership and restraint in the exercise of the duties of his office;

NOW, THEREFORE BE IT RESOLVED, that we, the Board of Selectmen of the Town of Cohasset, in recognition of **JOSEPH M. KEALEY'S** outstanding contribution to honorable law enforcement on behalf of the Town's citizens, on the occasion of his pending departure from the service of the Police Department, acknowledge the distinction with which he has served.

Given under our hands and the seal of the **TOWN OF COHASSET** this sixteenth day of November, in the year One Thousand Nine Hundred and Ninety-Two.

NOW, THEREFORE, BE IT RESOLVED, that we, the Board of Selectmen of the Town of Cohasset, acknowledge her many contributions to the furtherance of the general welfare of the Townspeople during her tenure on the School Committee and the Board of Selectmen.

Given under our hands and the seal of the TOWN OF COHASSET this sixteenth day of November, in the year One Thousand Nine Hundred and Ninety-Two.

BOARD OF SELECTMEN

Proclamation is adopted.

ARTICLE 15. To see if the Town will raise and appropriate, transfer from available funds, or borrow a sum of money to adjust the salary of the Treasurer-Collector for the 1993 fiscal year.

MOVED: That the annual salary of the Treasurer-Collector as adopted under Article 4 of the Warrant for the 1992 Annual Town Meeting be amended from the sum of Thirty-four Thousand Five Hundred Ninety-six (\$34,596.00) Dollars to Thirty-seven Thousand and no/100 (\$37,000.00) Dollars, and to fund the increase for the balance of the 1993 fiscal year, the sum of One Thousand Five Hundred and no/100 (\$1,500.00) Dollars be transferred from surplus revenue.

A Hand Count was taken. Yes – 81; No – 72.

MOTION is adopted.

ARTICLE 16. To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 40, Section 57 which permits the Town, by By-Law or ordinance, to deny any application for or revoke or suspend any local license or permit, including renewals and transfers issued by any board, officers, or department for any person, corporation or business enterprise who has neglected or refused to pay any local taxes, fees assessments, betterments, or any other municipal charge.

MOVED: That the provisions of Massachusetts General Laws, Chapter 40, Section 57 be accepted, which section permits the Town, by By-Law or ordin-

ance, to deny any application for or revoke or suspend any local license or permit, including renewals and transfers issued by any board, officers, or department for any person, corporation or business enterprise who has neglected or refused to pay and local taxes, fees, assessments, betterments, or any other municipal charge.

Hand count taken; Yes - 63; No - 65.

MOTION is DEFEATED.

ARTICLE 17. To see if the Town will vote to amend Article VI of the General By-Laws MUNICIPAL FINANCE by adding thereto a new Section 6 which shall read as follows:

“Section 6.

(a) The Treasurer-Collector shall annually furnish to each department, board, commission or division (‘licensing authority’) that issues licenses or permits, including renewals and transfers, a list of persons, corporations, or business enterprises (‘party’) that has neglected or refused to pay any local taxes, fees assessments, betterments, or other municipal charges for not less than a twelve (12) month period and that such party has not filed in good faith a pending application for abatement of such tax, or pending petition before the Appellate Tax Board.

(b) The licensing authority may deny, revoke, or suspend any license or permit, including renewals and transfers, for any party whose name appears on the list furnished to the licensing authority from the Treasurer-Collector; provided, however, that written notice is given to the party and the Treasurer-Collector, as required by applicable provisions of law, and that the party is given a hearing to be held not earlier than fourteen (14) days after the notice. The list shall be *prima facie* evidence for denial revocation, or suspension of the license or permit to any party. The Treasurer-Collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation, or suspension. Any findings made by the licensing authority with respect to such license denial, revocation, or suspension shall be made only for the purpose of such proceeding and shall not be relevant to or introduced in any proceeding of law, except for any appeal from such license denial, revocation, or suspension. Any license or permit denied, suspended, or revoked under this section shall not be reissued or renewed until the licensing authority receives a certificate issued by the Treasurer-Collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments, or other municipal charges, payable to the municipality as of the date of issuance of the certificate.

(c) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating the limitations to the license or permit. The validity of the license or permit shall be conditioned upon satisfactory compliance with the agreement. Failure to comply with the agreement shall be grounds for the suspension or revocation of the license or permit; provided, however, that the holder of the license be given notice and a hearing as required by applicable provisions of law.

(d) The Board of Selectmen may waive any denial, suspension, or revocation, if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in the State Conflict of Interest Statute in the business or activity conducted in or on the property.

(e) This Section shall not apply to any license or permit exempted from the provisions of this By-Law by Massachusetts General Laws, Chapter 40, Section 57, or to any other local license or permit that may be excluded from this By-Law by action of the Town Meeting from time to time.”;

MOVED: That this Article be indefinitely postponed.

MOTION is adopted.

ARTICLE 18. To see if the town will vote to authorize the Selectmen to release all of the Town’s rights, title and interest in a water easement recorded with Norfolk County Registry of Deeds. The easement encumbers land known as and numbered 28 Margin Street, shown as Lot 67 on Assessors’ Plan Number 30, and land known as and numbered 23 Stockbridge Street, shown as Lot 63 on Assessors’ Plan Number 30. The easement to be released is more particularly shown as the area outlined in red on a copy of a portion of Assessors’ Plan Number 30 on file with the office of the town clerk and endorsed “Map - Article 18”.

MOVED: That the Board of Selectmen be authorized and directed to release all of the Town’s right, title and interest in a water easement recorded with Norfolk County Registry of Deeds. The easement encumbers land known as and numbered 28 Margin Street, shown as Lot 67 on Assessors’ Plan Number 30, and the land known as and numbered 23 Stockbridge Street, shown as Lot 63 on Assessors’ Plan Number 30. A 2/3 vote is required.

MOTION is adopted unanimously.

ARTICLE 19. To see if the Town will vote to amend Article XIV of the General By-Laws, WETLANDS PROTECTION, by deleting the first paragraph of **Section 5: Notice and Hearings**, and substituting the following first paragraph:

“At the time any person files an application or request for determination with the Conservation Commission ‘(Petitioner)’ the Petitioner shall give written notice thereof, by certified mail or hand delivery to abutters, owners of land directly opposite on any public or private way or street, and abutters to abutters within three hundred (300) feet of the property line of the petitioner as they appear on the most recent applicable tax list, notwithstanding that the land of any such owner is located in another town. Such notice shall enclose a copy of the application or request, with plans, or shall state where copies may be examined

by abutters. When a Petitioner is other than the owner or person acting on behalf of the owner, the request, the notice of the hearing and the determination itself shall be sent by the commission to the owner(s) as well as the person making the request.”;

MOVED: That this Article be indefinitely postponed.

MOTION is adopted.

Resolution offered by Veneta Roebuck-

WHEREAS PATRICIA BUCKLEY has faithfully and actively served as a member of the Cohasset Conservation Commission for more than fifteen years; and

WHEREAS she has used her capabilities and experience to benefit our community and our environment; and

WHEREAS she has volunteered her time and her capabilities selflessly so that we all can live a cleaner, healthier and more environmentally sensitive lifestyle;

NOW THEREFORE, be it resolved that the citizens of Cohasset assembled on this sixteenth day of November, 1992 hereby record our deep thanks and appreciation for her years of service.

Resolution is adopted.

MOVED by Jane Goedecke, Chairwoman of the Board of Selectmen that this meeting be dissolved.

QUESTION 1

Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senator or the House of Representatives before May 6, 1992.

Summary

This proposed law would establish a Health Protection Fund to pay for health programs relating to tobacco use, including distribution of information about tobacco use, to be financed by a new excise tax on cigarettes and smokeless tobacco. The Health Protection Fund would be used, subject to appropriation by the state Legislature, to suppelment existing funding for the following purposes: school health education programs including information about the hazards of tobacco use, smoking prevention and smoking cessation programs in the workplace and community: tobacco-related public service advertising; drug education programs; support of prenatal and maternal care at community health centers which provide programs on smoking cessation and information on the harmful effects of smoking; and monitoring by the State Department of Public Health of illness and death associated with tobacco.

The proposed law would establish a new excise tax of one and one-quarter cents per cigarette (twenty-five cents per pack of 20) and twenty-five percent of the wholesale price of smokeless tobacco. This excise would be in addition to the excise already imposed on cigarettes and smokeless tobacco. The new excise would be collected by the State Department of Revenue under the same procedures that apply to the existint tobacco excise.

The proposed law would direct the State Comptroller to report annually on the revenues and expenditures of the Health Protection Fund. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect. The proposed law would go into effect on January 1, 1993.

QUESTION 2

Law Proposed by Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1992.

SUMMARY

This proposed law would require certain banks, insurance companies and publicly-traded corporations to file annual reports with the Massachusetts Secretary of State listing information from their state tax returns, including profit, income, corporate income tax due, deductions, exemptions and credits. These reports would be made public. This provision would apply only to those banks, insurance companies and publicly-traded corporations required by federal and other Massachusetts laws to disclose information concerning their federal tax payments.

The proposed law would also require the annual release by state officials of a detailed analysis of certain tax expenditures enacted or changed after January 1, 1988. State law defines a tax expenditure as an exemption, exclusion, deduction, or credit that results in less corporate, sales, or income tax revenue for the state. This analysis would be required only for tax expenditures with an annual revenue impact of \$1,000,000 or more. The analysis would include information on the actual revenue loss, as well as the number and proportion of taxpayers or taxpaying entities benefiting from the tax expenditure, according to income, profit, receipts or sales.

QUESTION 3

Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1992.

SUMMARY

SUMMARY

This proposed law would require all packaging used in Massachusetts on or after July 1, 1996 to be reduced in size, reusable, or made of materials that have been or could be recycled. The proposed law would provide for exemptions for health, safety, and other reasons and would establish penalties for violations.

Packaging would have to be either reduced in size by at least 25% every five years; or designed to be reusable at least five times, with at least 50% rate; or composed of 25% or more of recycled materials (increasing to 35% on July 1, 1999 and 50% on July 1, 2002); or composed of materials being recycled at an annual rate of 25% (increasing to 35% in 1999 and 50% in 2002). The requirements would apply to any packaging or containers used to protect, store, handle, transport, display, or sell products

These requirements would not be applicable to tamper resistant or tamper-evident seals; packaging for medication or medical devices; packaging merely being shipped through the state; packaging required by federal or state health or safety laws or regulations; or flexible film packaging necessary to prevent food from spoiling.

The State Department of Environmental Protection could also grant exemptions for packaging that represents an innovative approach for which additional time is needed to meet the requirements of the law; or packaging made of material that cannot be reused or recycled, and cannot be made of recycled material, but is being composted at a significant rate; or products for which there is no complying packaging and for which compliance with the law could impose undue hardship (other than increased cost) on Massachusetts residents. A person applying for an exemption would pay a fee to be used, subject to legislative appropriation, to pay the cost of administering the proposed law.

The Department would be required to issue regulations to carry out the proposed law and would be required to investigate suspected violations. After issuing a warning, the Department could assess administrative penalties of up to \$100 for each offense and up to \$10,000 for any single shipment or single continuing act of non-compliance. The State Attorney General could also file court actions for civil penalties of up to \$500 for each offense and up to \$25,000 for any single shipment or continuing act of non-compliance, and could seek a court order requiring compliance. Each noncomplying piece of packaging would be considered a separate offense or act of non-compliance.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 4

Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1992.

SUMMARY

This proposed law would impose an excise tax on oil, toxic chemicals, and other hazardous substances, and would direct that the money raised, along with the fees paid by hazardous waste transporters and specific revenues under other state laws, be deposited in the State Environmental Challenge Fund. Money in the Fund would be used, subject to legislative appropriation, to assess and clean up sites that have been or may be contaminated by oil or hazardous materials, and to carry out and enforce the excise.

As of July 1, 1993, the excise would apply to persons, businesses, and other entities possessing 50,000 pounds or more of oil and toxic chemicals covered by the proposed law. Toxic chemicals would be covered if classified as toxic by the federal Environmental Protection Administration (EPA) under federal law. As of July 1, 1994, substances listed as hazardous by the EPA under federal law would also become subject to the excise.

Until June 30, 1995, the excise would be two-tenths of one cent (\$0.002) per pound. In later years, the state Commissioner of Revenue would set the excise rate at a level, not to exceed two-tenths of one cent per pound, sufficient to yield \$35 million annually in 1995 dollars.

The excise would not apply to gasoline or other special engine fuels, jet fuel taxed under other state law, numbers 1 or 2 fuel oil, kerosene, animal or vegetable oil, or waste oil classified as hazardous waste under other state law. Nor would the excise apply to oils, toxic chemicals, or hazardous substances merely being shipped through Massachusetts, or contained in a consumer product intended for retail sale; or present in a mixture at a concentration of less than one percent; or present in hazardous waste being transported by a licensed hazardous waste transporter who had paid or will pay a transporter fee under state law; or for which the excise tax has already been paid under the proposed law and which have not been reprocessed or recycled since payment of the excise.

The excise also would not apply to oils, toxic chemicals, or hazardous substances that are possessed by individuals for personal, non-business purposes; or are contained in vehicles or vessels intended to be used for normal purposes; or are produced in Massachusetts as a by-product of pollution control equipment or the clean-up of hazardous materials and are handled in compliance with federal and state environmental laws. Finally, the excise would not apply to toxic chemicals or hazardous substances in a manufactured product the use of which requires a specific shape or design and which does not release toxic substances under normal use.

Under the proposed law, the excise would ordinarily be collected from the first person or business within Massachusetts to come into possession of materials subject to the tax. If that person or business had not paid the excise, a later possessor could be required to pay the excise and could then recover a corresponding amount from the first possessor. The proposed law would provide credits for excised paid on materials that become ingredients in the manufacture of other materials subject to the tax, and it would provide credits for similar excises or taxes paid to other states.

TOWN ARCHIVIST

During 1992 the listing of record books in the Town's archive vault was completed. This inventory continues to be updated as additional record books are placed in the climate-controlled vault. Built as part of the recent Town Hall addition, Cohasset's public records vault is the repository for permanent public records generated by the various offices located at Town Hall, as well as Town Boards and Committees whose records are determined by the Commonwealth go be permanent in nature. Currently there are two of the specially constructed vault units at Town Hall; one on the first floor serving the Town Clerk's office, and one having two sections in the cellar, serving the remainder of the offices in the building. Additionally, the cellar vault holds the Town's historical public records, now segregated from the working records by placement in locking steel cabinets.

Additional permanent public records are placed in the vault upon the request of the offices or boards generating the records, and are organized and shelved by provenance. Thus, additional permanent records are added each year from the offices served by the vault. Although shelf and storage space remains adequate for the present, it is possible to envision a time in the future when present vaults will be unable to hold additional material, and expansion of the Town's public records vault facility will be necessary. Proper storage of the Town's permanent public records is required under Chapter 66 of the General Laws of Massachusetts (the "Public Records Law") and Cohasset should plan to continue its present conformity with that law.

Respectfully submitted,

David H. Wadsworth
Town Archivist

BYLAW COMMITTEE

The Bylaw Committee has reviewed those articles proposed for each Town Meeting which involve changes in or additions to the Town Bylaws to assure that they are in conformity with existent Bylaws in style and proper placement in the text. The Committee has also reviewed such articles passed by Town Meeting and accepted by the Attorney General and has directed that these changes be incorporated in copies of the Bylaws in the office of the Town Clerk.

Considerable time has also been spent in assuring accuracy in the Bylaws as their text has been transferred from the software of one computer system to that of another.

Respectfully submitted,

Mary E. Gainor, Chairman
W. Roger Nast
Louis F. Eaton, Jr.
Richard A. Henderson, Town Counsel
(*ex officio*)
Marion L. Douglas, Town Clerk

INSURANCE COMMITTEE

1992 continued the overall trends which have been in place for the past several years. Health insurance costs continue to escalate in excess of 15% per year while the Property/Casualty portion of the program continues to drop. We as a Town have made progress in analyzing our exposure to loss and reducing that as much as possible. This, coupled with less expensive insurance and greater options, puts the Town in a more secure position. While insurance is only part of the equation, it is becoming more economical. We as a Town are also helping ourselves by being concerned with loss and doing much to prevent that with appropriate actions.

The health side of our oversight continues to be in the hands of someone other than ourselves. Bay State Health provides the employee health plan. It was rescued by Blue Cross-Blue Shield due to the most attractive feature of it to the Town and employees, its low cost. Clearly, we learned why it was so inexpensive. As a result of prior year underfunding the Town experienced a 16% rate increase in July of 1992 and can expect a further increase of between 20-30% in July of 1993. To date we have not been able to find an alternative acceptable to most Town employees.

The Town of Cohasset Employee Coalition Bargaining Group continues to meet and explore possibilities. A recent lack of interest by some participants may make progress impossible. They are content to let things exist as they are, but will surely yell and scream when rates dramatically increase. Only a dedicated effort to effect long-term change at the expense of short-term benefits/costs can allow the Town to control its own destiny. We will continue to push this along in hopes that progress can be made.

This year we assisted in putting together a bid process for the Town's property casualty program. This yielded excellent results with a superior bid from Richardson Insurance with Great American Insurance Company. Costs were reduced by over 15% and the breadth of the program improved. We also expect that a solid working relationship has been forged with our agent which will result in ease of administration. As is our practice, we plan on continuing with the existing broker for the next three years, barring major difficulties or failures.

The Committee is always available to discuss any points of interest with interested parties.

Respectfully submitted,
Samuel W. Wakeman, Chairman
Robert C. Ernst
Robert J. Murphy

PERSONNEL COMMITTEE

The Personnel Committee completed negotiations with both the Police Department Union and the Cohasset Library Association Union in 1992. Contracts were signed stipulating pay increases of 0% for FY91, 2% for FY92, 3½% for FY93 and 3½% for FY94.

The Fire Department Union contract remains in factfinding as of December 31, 1992.

Negotiations with the Konohasset Clerical and Custodial Association continued throughout the year.

A meeting was held with all Town managers and supervisors to review good personnel practices, performance evaluations and the Town personnel By-Laws.

New members of the Personnel Committee include John Seavey and Keith Kreycik.

Plans for 1993 include a review of all of the Personnel By-Laws with recommendations for changes to be made at Town Meeting in the fall of 1993.

BOARD OF REGISTRARS

In October George L. Marlette resigned as Chairman of the Board of Registrars to accept the position of Temporary Town Moderator. We would like to thank George for all his hard work and dedication over the years and we will miss him on the Board. Margaret Charles was reappointed to the Board for three years and was nominated Chairman. Dorothea Parmenter was appointed to fill George's unexpired term until April 1, 1993. The following elections and town meetings were held:

Presidential Primary, March 10, 1992
Annual & Special Town Meeting, April 4, 1992
Town Election, April 11, 1992
Special Town Election, May 16, 1992
Continuation of Town Meeting & Special Town Meeting, June 1, 1992
State Primary, September 15, 1992
State Election, November 3, 1992
Special Town Meeting, November 16, 1992

The Annual Listing of Persons seventeen years of age and older as per General Laws, Chapter 51, Section 4 was conducted by mail during January. Voter regis-

tration may be done at the Town Hall any day during regular business hours as well as special hours designated for elections and town meetings. To register to vote you must be eighteen years of age on or before election day, born in the United States or be a naturalized citizen. At this time we have a total of 5,298 voters - 1149 Democrats, 1126 Republicans, 3018 Unenrolled and 5 Independent Voters Party.

Respectfully submitted,
Margaret Charles, Chairman
Marion Douglas, Clerk
Judith Volungis
Dorothea Parmenter

COMMITTEE TO SURVEY THE STRUCTURE AND FUNCTIONS OF TOWN GOVERNMENT

The purpose of this Committee is to survey the structure and function of Cohasset town government, its officers, departments and boards, and from time to time, report its findings and recommendations, if any, to Town Meeting. To this end the Committee held meetings on a regular basis this past year. We have also met individually and collectively, with members of other committees, town officials, and interested citizens.

At the 1992 Annual Town Meeting two Committee sponsored articles were adopted. One established a Committee to investigate the organization of public safety services in the Town. The other established a committee to investigate school regionalization. The Committee remains concerned that Department of Revenue data continues to project an increased gap between town revenues and expenditures, and will continue to explore both regionalization possibilities and structural changes which promote economies without reducing services to a level unacceptable to the Town.

In the course of the year the Chairman and Secretary were reelected, and Jack Bryant was elected Vice Chairman.

Respectfully submitted,
F. Roy Fitzsimmons, Chairman
Jack D. Bryant, Vice Chairman
Wilson H. Pile, Secretary
Jean M. Muir
Dennis L. Roth
James L. Whelan

BOARD OF ASSESSORS

In 1992 a complete revaluation of all real and personal property was performed in the Town of Cohasset and as expected, most property values declined as a result of the slumping real estate market. The Assessors are confident that the new fiscal 1993 assessments accurately reflect the market value of real estate as of the assessment date, which is January 1, 1992. However, this was not the only project completed this year. The motor vehicle excise process has become completely computerized and integrated with the Collector's office.

The 1992 Annual Town meeting accepted Ch. 59, Sec. 5, Cl. 17D of the Mass. General Laws which allows greater accessibility to the surviving spouse/elderly/minor exemption by exempting the value of the applicant's domicile. A provision in the law to issue quarterly tax bills was adopted at Town Meeting and was implemented beginning with fiscal 1993 real and personal property tax bills.

Finally, the Assessors bade farewell to long time Assessor Tom Duggan and welcomed newly elected board member Ross Rosano. We wish Tom well in his future endeavors and many thanks for the years of service on the board.

The Assessors present the following value information for all taxable property in Cohasset:

Type of Property	Total Assessed Value
Residential	\$ 713,877,900.
Commercial	\$ 61,118,500.
Industrial	\$ 5,215,700.
Personal Property	\$ 9,472,300.

The fiscal year 1993 tax rate was \$13.46.

Respectfully Submitted,

James W. Lagrotteria, Chairman
Michael C. Patroli
Ross W. Rosano

CONSERVATION COMMISSION

The Conservation Commission continues to be one of the busiest of the Town's agencies, and the Commissioners have collectively put in thousands of hours in the past year. The Commission's mandate is to uphold the State Wetlands Protection Act and the Cohasset Wetlands By-Law.

Throughout the year we continued working with the damage sustained from the Halloween Storm '91. We worked cooperatively with homeowners to enable repairs to be made quickly, as weather and seasons permitted. In addition, there have been some difficult and complicated applications presented to the board. We have been diligent in interpreting the regulations to ensure the maximum protection of our wetlands and other natural resources. At the same time we have been sensitive to the concerns of the property owner.

It was a year of change for the Commission. We have three new members who are working to become familiar with the extensive regulations which govern our activities. Two members of the board left last spring. Merle Brown was elected to the Board of Selectmen and Patricia Buckley retired after fifteen years as a Commissioner. We miss their extraordinary service and commitment.

Respectfully submitted,

Veneta P. Roebuck, Chairman
John Kent Bryant, Vice Chairman
Jeffrey C. Waal
Thomas J. Callahan

DESIGN REVIEW BOARD

The Cohasset Design Review Board had an active year. At the request of the Cohasset Planning Board we reviewed and commented on four different projects.

1. Target Industries Inc.: Proposed building improvement.
2. Town of Cohasset: Potential public works garage sites.
3. Exxon Company: Canopy and site improvements.
4. Cohasset Historical Memorial: Proposed structures.

BOARD OF HEALTH

In 1992 Thomas C. Cook, P.E. was elected to the Board filling the vacancy created by the resignation of Sharon L. Becker. Michael H. Sullivan resigned and Robert V. Davenport was appointed to fill that vacancy until the next election. On re-organization the Board elected William E. Baird, P.E., Chairman and Thomas C. Cook, P.E., Clerk. Joseph R. Godzik, VMD continued as Health Agent and Carol Oteri-Puffer as Administrative Secretary.

Water testing at the schools revealed that at certain fixtures the maximum contaminant level (MCL) for lead was exceeded on some occasions. After several rounds of testing and various investigations it was not possible to determine the exact source of the lead. Bubblers which had lead levels exceeding the MCL were shut down. A replacement program for certain elements of the distribution system is now under way.

The repair of the septic system at Cushing Plaza has not yet taken place. A proposal to build a small wastewater treatment plant for sewage disposal has caused a requirement for an Environmental Impact Report to be rendered by the applicant. The issues are presently being addressed by the applicant's engineer.

The Board continued its review of the proposed expansion for Cohasset Heights Ltd. Landfill (CHL). A Supplemental Draft Environmental Impact Report

submitted by CHL was again not accepted by the Secretary of Environmental Affairs. Many public health and environmental questions were raised by the report and still are not resolved. The Department of Environmental Protection (DEP) issued a permit to construct the gas collection system and flare to burn gases without a timetable for construction.

A recirculating sand filter sewage disposal system, the first to be approved in Massachusetts, will be installed at 481 Jerusalem Road. The Board worked closely with the design engineer and the DEP to assure a proper design and relevant effluent standards for discharge to the ocean. Some areas in the Town cannot support standard septic systems, so there may be more alternative systems in the future for repair of existing failed septic systems.

The Board continues to operate the Recycling Transfer Facility (RTF). Rubbish is shipped to SEMASS for incineration under an interim contract. Recycling continues to save money through cost avoidance, as well as providing environmental protection. Because of the Town's recycling initiatives, it is well beyond the DEP recycling requirements. Closure of the landfill is now advancing as the state has allowed the Town to move forward without review of every minor step in the closure progression. Permit fees were reduced to \$55.00 in 1993 in keeping with the policy of funding about fifty percent of the cost of tipping fees and transportation.

Presently the Board is working to attain three sources for septage disposal to include Upper Blackstone, the main disposal site, and the Hull Wastewater Treatment Plan which accepts a small amount. Soon a site in Carver will be permitted. It is hoped that multiple sources will provide alternatives and competition for septage haulers.

In anticipation of more stringent state requirements regarding cesspools and septic systems the Board appointed a Cesspool Study Committee to provide future guidance for the Board regarding how the Town should respond to these new requirements. The following are members of the Committee: J. Anson Whealler, Edward J. Connolly, Mark Bell, Kearin A. Dunn, Robert J. Moody, Thomas McMahon and William E. Baird.

For the first time in half a century a real threat of rabies is present in Massachusetts. Already about thirty raccoons have tested positive for the rabies viruses in 1992. Because of this threat legislation was passed which requires that cats, as well as dogs, six months of age or older be vaccinated against rabies. The effective date of this law is February 24, 1993.

The Revolving Account receipts and expenditures for septage disposal at Upper Blackstone Pollution Abatement District in 1992 were:

Receipts	\$100,511.08
Expenditures	\$105,006.03.

Respectfully submitted,
William E. Baird, P.E., Chairman
Thomas C. Cook, P.E., Clerk
Robert V. Davenport

METROPOLITAN AREA PLANNING COUNCIL

MAPC submitted a variety of Municipal Incentive Grant applications to EOCD for the communities we serve. Cohasset is one of the communities that will benefit from the Municipal Incentive Grant award to South Shore communities to develop and implement a program for sharing equalized equipment. The study will develop inventories of existing public works equipment, explore sharing agreements, and develop implementation strategies for participating communities. It is an outgrowth of MAPC's year-long joint services efforts designed to educate and inform member communities on new and cost effective ways of doing business.

MetroPlan 2000 1992 activities included the Council's formal adoption of the housing, land resources, and transportation elements of the plan; development of a Capital Investment Program (CIP) to examine priorities for public infrastructure investments in the region; and initiation of the Concentrated Development Center (CDC) nomination process.

MAPC also began an Overall Economic Development Program (OEDP) in 1992 that is expected to result in substantial new investments to the region from the Economic Development Administration as well as other federal and state sources.

In 1992, MAPC provided staff support to the South Shore Coalition (SSC) as well as the South Shore Regional Refuse Disposal Planning Board. MAPC staff coordinated SSC review and comment on the Transportation Improvement Program (TIP), transportation projects, and Developments of Regional Impacts (DRI); coordinated and co-sponsored a forum on the MWRA outfall pipe and coordinated meetings with state legislators. MAPC staff also helped the South Shore Regional Refuse Disposal Planning Board implement their 1992 Regional Solid Waste Management Plan recommendations and the regional solid waste management district feasibility study. A workshop co-sponsored with the American Planning Association on developing master plans was also conducted.

Last year's Data Center services to communities included development and distribution of Community Employment Forecasts used in long range highway, transit, water, and sewer planning; sponsorship of the Boston Area Census User's Conference featuring workshops on census data applications, reviews of major demographic patterns, and information on how to use new 1990 census information; development of the community profiles, a two-page summary of the first release of the 1990 census information; and analysis of the Fiscal 1993 State Budget to help inform communities of the differences between the governor's, senate and house program appropriations.

Last year's transportation planning efforts included, development and distribution of the regional Transportation Improvement Program (TIP) for the Fiscal Years 1993-1995. The document was distributed to all member communities and to ensure local input into the process, MAPC sponsored two information sessions on the TIP in July and again in December. Because the Intermodal Surface Transportation Efficiency Act of 1991 requires a reclassification of roadways, in 1992 MAPC also provided member communities with maps of proposed functional classifications. All communities were offered an opportunity to comment.

MAPC's technical assistance on the new National Affordable Housing Act included preparation of local Comprehensive Housing Affordability Strategies (CHAS), the HOME program, and consortia formation. On behalf of its communities, MAPC also participated in EOCD's Housing Policy Commission; supported the Housing Bond Bill; and sought a state CHAS consistent with Metro Plan 2000 and beneficial to MAPC communities.

Martha K. Gjesteb
MAPC Representative

MOSQUITO CONTROL COMMITTEE

The primary functions of the Mosquito Control Committee in 1992 were educating the citizens of Cohasset concerning mosquito control and surveying potential mosquito-breeding areas. The former mission involved a series of informational handouts, including a "take-home" questionnaire distributed by the P.S.O., items in the local press, a brief presentation before the Town Meeting in June, and posters at various locations in Town. The survey involving potential breeding areas was primarily in response to requests for help from individual homeowners. Each such request was followed by an "on-site" survey and discussion with the homeowner. This information was then submitted to the Plymouth County Mosquito Control Project (Dr. Kenneth Ludlam, Superintendent) for any follow-up activity.

Our committee has also attempted to deal with current and possible future mosquito-control efforts by cooperating with our neighboring communities in Hull, Scituate, Hingham, Marshfield, etc. Two informal meetings were held at the Town Halls of Hull and Scituate with representatives from Towns within the Plymouth District. The impetus for establishing such a coalition was a meeting held in Dover on May 11th, at which a similar coalition of towns in the Norfolk County Mosquito Control Project was described. Since mosquitoes do not recognize town boundaries, cooperative efforts may produce more effective mosquito control.

Linda Keller and Burk F. Ketcham have replaced James L. Gallagher and Dr. Mark L. Friedman, who resigned because of pressures of professional responsibilities.

Respectfully submitted,
Charles Gainor, Chairman
Joan Prescott Busk, Secretary
Alix P. White
Linda T. Keller

PLANNING BOARD

The Cohasset Planning Board, under the authority granted to it by M.G.L. Chapter 40A, Chapter 41, and the Cohasset Zoning By-laws, fulfilled the following responsibilities in 1992:

Reviewed for initial consideration or final approval three Site Plans for the Highway Business, Light Industry and Downtown Business Districts;

Continued monitoring of approved Cluster Developments, Subdivisions, and Site Plans under construction.

Respectfully submitted,

Alfred S. Moore, Jr., Chairman
William J. Good, Vice Chairman

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1992:

The Project is a special district created by the State Legislature in 1957, and Town of Cohasset in Norfolk County. On April 1st, the Town of Hanover joined the Project. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

In 1992, the Project was again challenged by the threat of the mosquito transmitted disease, Eastern Equine Encephalitis (EEE). Spring and early summer were drier than normal. Residential complaints were received later, with isolated mosquito problems in our coastal communities. Efforts were again aimed at larval mosquitoes starting with the spring brood, and aerial larviciding continued using B.T.I., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low-volume adulticiding began. The Project responded to requests concerning mosquitoes, and all sprayers and trucks performed well with little time lost to breakdowns.

EE Virus was first isolated from *Culiseta melanura*, a bird biting species, by the Massachusetts Department of Public Health from collections in Carver the week of August 23rd. Of the season's total of ten EEE isolates, six were from Plymouth County: Carver (8/23 and 9/28), Kingston (9/21 and 9/28), Brockton and Halifax (9/28). In September, a human case of EE was confirmed in a 59-year-old man from Braintree who had been fishing in the Carver/Plymouth area during the last week of August. The recurring problem of EEE in Southeastern Massachusetts continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

The figures specific to the Town of Cohasset are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Cohasset residents.

Insecticide Application: 2,184 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site as mosquitoes reinvaded the area. The first treatments were made in May and the last in October.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes, and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 85 inspections were made to 76 catalogued breeding sites.

Finally, we have been tracking complaint response time; that is, the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Cohasset was less than two days, with more than 140 complaints answered.

Water Management: During 1992, crews removed blockages, brush and other obstructions from 2,735 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Machine Reclamation: 515 linear feet of ditch was reconstructed in Cohasset using one of the Project's two track driven backhoes.

Mosquito Survey: A systematic sampling of mosquitoes in Cohasset indicates that *Coquillittidia perturbans* was the most abundant species. Other important species collected included *Aedes vexans* and *Aedes aberratus*.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

RECYCLING COMMITTEE

The Recycling Committee can report a successful yet busy year. Tight markets for recycled goods have made delivery difficult as few vendors are interested in our products. We have been able to provide "cleaner" recycled products mainly through cooperation from residents. This means we need to separate more diligently to maintain a satisfactory product free from other materials.

A monitor has been hired on a part-time basis to help citizens in recycling. The Cohasset Boy Scouts have helped underwrite this cost.

The latest addition to recycling has been magazines and “junk” mail. The state awarded the Town a four compartment bin that has proved very useful.

A second bin has been awarded to Cohasset and we are currently planning a means of collecting office “white and computer” paper in same.

A grant for the construction of a metal screen to encourage people to sift compost for home use was received and the unit is now in place.

The Recycling Committee is continuing to find ways to better recycle and thus save money for the Town as well as to help the environment.

We feel we have had a successful year thanks to the cooperation of Cohasset residents and Recycling Transfer Facility employees.

PUBLIC SAFETY

ANIMAL CONTROL DEPARTMENT

As a result of all the publicity about the rabies outbreak in Massachusetts, the Animal Control Department had a very busy spring, summer, and fall with regard to wildlife complaints and calls.

The latest count puts the number of rabies positive cases in Massachusetts at 30. Of the 30 animals that were confirmed rabid by the State lab, 28 were raccoons, 1 was a skunk, and the last was a domestic cat. Most of the rabid animals were found in towns surrounding Fitchburg. One rabid raccoon was found in the Town of Belmont.

Although Cohasset has not had a confirmed case of rabies yet, residents should be very careful when dealing with a strange animal, and should not entice wildlife to their property with feeding. If you notice a wild or domestic animal acting strange, disoriented, overly friendly, or vicious, you should contact my office or the Police Department immediately.

Residents should also be reminded that all cats and dogs, whether indoor or outdoor pets, should be vaccinated against rabies.

Respectfully submitted,

William P. Quigley
Animal Control Officer

EMERGENCY MANAGEMENT

During the past year our "emergencies" were limited and short-lived. We experienced one windstorm with high tides in December, but with pre-planning by all departments and prompt response by Eastern Edison Company, along with the American Red Cross, the Town was well prepared for any eventuality.

The National Guard promptly supplied large vehicles in the event we had to evacuate any areas.

An evacuation center was established at Scituate High School, but proved unnecessary.

The Town can be proud of its employees, as well as volunteers, for their devotion to duty despite trying moments.

FIRE DEPARTMENT

FIRE SUPPRESSION

1992 can be characterized as a year of rebuilding and reaffirmation of the Cohasset Fire Department as a combination, career/call fire protection delivery system. At year's beginning, the call division was at an all time low state of readiness, membership at 13, protective clothing, equipment and training marginal. At the direction of your Board of Selectmen, an aggressive recruiting campaign was undertaken, and resources were provided to expand the call force. At year's end, the call division was increased to 24 members, entry level recruit training was initiated, and all personnel were outfitted with safety clothing and equipment.

During 1992, programs initiated included annual hose testing, a fireground identification system, and monthly staff meetings. Departmental Standard Operating Procedures were reviewed and updated, and the Forestry truck, long out of service, was repaired, painted, and placed back into operations by career firefighters.

Fire loss for the year was minimal, our largest loss fire the result of arson. Quick response and aggressive tactics by on-duty career personnel were the primary reasons, and numerous fires were extinguished in their early stages, keeping loss to a minimum.

EMERGENCY MEDICAL SERVICES

During 1992, Advanced Life Support Services were introduced to Cohasset residents. Selectman Diana Kornet was instrumental in securing a contract with South Shore Hospital for paramedic services, supplementing our basic life support ambulance program.

The department added military anti-shock trousers to our equipment inventory, specified and awarded a bid to replace our 1985 ambulance, and reaffirmed the department's ability to collect ambulance fees. Collections for the past six months have exceeded collections for any entire year in Cohasset history, showing a 500% increase over last year.

FIRE PREVENTION

The majority of the department's resources are invested in suppression and emergency medical services. While much needs to be done in the area of fire prevention, the department did experience marginal gains (a 37% increase) in the areas of residential and commercial inspections. In addition, public fire education activities and programs reached over 700 residents.

ADMINISTRATION AND THE FUTURE

During 1992 the community initiated a study of public safety and continued to participate in a study of regional fire protection service delivery. Labor contract negotiations were entering their third year without agreement, and significant attention has been focused on the per capita cost of service delivery in Cohasset. These factors have and continue to generate an air of uncertainty within the organization, and are challenging to both departmental and community leaders.

The challenge for 1993 will be to build and reach consensus within the

community on fire protection and emergency medical delivery services. Defining the community's desire for services and acceptable response times, at a cost that everyone is willing to pay, will be a difficult process. The good news is that it has already begun, and it promises continuing operational efficiency and effectiveness.

HARBOR MASTER

1992 was another successful boating season with no fatalities. The Harbor Department assisted thirty-four disabled boaters.

Again this year the Harbor was very fortunate to sustain little damage during the December storm. Credit for this can be attributed to the assistance of Dave Marks, Cliff Dickson, and the fishermen of Cohasset in helping to secure floats, check mooring lines, and in keeping a watch on the Harbor throughout the storm. Thanks also go to Harold Litchfield of the Highway Department and Peter Laugelle of the Tree and Park Department for providing equipment to repair ramps, and for the removal of old boat cradles floating free from Bassings Beach. Their assistance is greatly appreciated.

With the help and knowledge of Bob Baggs, the floor joists to the storage shed were replaced and one side repaired to deter the threat of a cave-in

WIRE DEPARTMENT

I herewith submit the Annual Report of the Wire Department for the year ending December 31, 1992:

FIRE AND TRAFFIC SIGNALS

Two thousand feet of new alarm wire was installed for replacement of damaged wire and pole changeovers. Three new alarm boxes were installed on commercial buildings and tied into the Alarm System. Repairing of alarm movements was done within the department. Boxes were tested and timed for proper operation and painting was started. Traffic lights were refitted with new timers and flashing units.

WIRE INSPECTIONS

All electrical work performed by contractors working in Town was inspected by the Wire Department and fees collected were turned in to the Town Treasurer.

ELECTRICAL INSTALLATION AND REPAIRS TO TOWN BUILDINGS

All electrical work to Town owned buildings and properties was performed by the Wire Department.

I wish to thank the Board of Selectmen for its cooperation with the department and the men who worked with me this past year.

Respectfully submitted,

Stephen J. Wigmore

GOVERNMENT ISLAND STUDY COMMITTEE

This committee consists of seven individuals (volunteers), interested in maintaining this historic piece of Cohasset's land area (7.37 acres). Our responsibility is to make suggestions regarding maintenance and improvements of the Island to the Board of Selectmen. The Board will authorize expenditures if it feels they are advisable. These are, in some cases, brought before Town Meeting to be approved by the voters.

During 1992 we held four meetings to discuss:

1. General conditions of the Island.
2. Election of Officers and welcoming a new member.
3. Status of the Minots Light project.
4. Discussion of the Lighthouse Keeper's Duplex.
5. Other new business.

The Committee is pleased to welcome its new member, James R. Bonetti. We also wish to thank outgoing member Vivian H. McCormack for her service on the Committee.

The Lighthouse Keeper's house, now undergoing major renovations, is a very important piece of property, not only to the history of lighthouses in the United States and worldwide, but also to the history of Cohasset. We hope that when it is completed it will still remind those Townspeople and visitors of the life of the Keepers from the mid 1800s to the mid 1900s.

This Committee firmly believes that the Island (formerly known as Doanes Island, now Government Island) is one of Cohasset's greatest assets, historically, commercially and recreationally. We want it to be walked, studied, looked at, appreciated and loved by the Townspeople and visitors alike.

HARBOR COMMITTEE

The Harbor Committee held a public hearing in regards to the Harbor Master Plan that was drawn up in 1980. The purpose of the meeting was to review that plan and then update it. Some of the original recommendations had been followed through, but for various reasons many had not.

A harbor cleanup day was held 6/13/92. The harbor area from the Yacht Club to Government Island was cleaned with the help of volunteers and the Tree and Park Department.

The planned dredging that was to be completed in the latter part of the year has been postponed due to the storms, and will be completed in early 1993.

The by-law was revised allowing a grace period of 15 days for failure to re-affirm for the mooring list, or paying the mooring fee on time. This revision will allow a person to stay on the mooring list, or keep the mooring; however, a fine will have to be paid. The amount is to be set by the Board of Selectmen.

At the request of the Selectmen the Committee is attempting to locate a firm that can tow and store boats that are illegally moored in the harbor. The Committee has located two firms, and will conclude this issue prior to the 1993 boating season.

HIGHWAY DEPARTMENT

During the months of January, February and March we concentrated our efforts on snow removal and ice control. Once again I feel we can all be proud of the job the men from the Highway Department and the hired contractors have done in keeping our streets safe during the winter months. Cohasset is indeed one of the safest towns for travel after a snow storm, and for that we can thank these conscientious workers.

We were also still cleaning up after the "No Name" storm during the month of January.

With any break in the weather, my Department worked on the repair and/or replacement of catch basins and connecting pipes. In all, two basins were rebuilt and one raised. Forty feet of pipe was installed.

During the spring months we were able to remove the asphalt at the Deer Hill School to make room for the additional playing fields. We then removed the Jungle Gym from the Joseph Osgood School, replaced the fence along Border Street and put down 38 tons of base in the Sandy Beach parking area.

Once the good weather arrived, we started our program of road sweeping. Every street was swept and cleaned of the build-up of sand and general debris. During the following months the sweeper was out frequently, keeping the streets clean.

During the year my men replaced or repaired signs where needed.

The Highway Department was also active in road resurfacing in 1992. With money entirely from State Grants we resurfaced Border, Hill, Ash, Spring Streets, and Cushing Road. The Department also resurfaced various sidewalks around Town. Using 560 tons of asphalt, various roads were grader patched.

During the summer months we sealed the Fire Station ramp and then removed a gas tank at the High School. We then built the new intersection at King and Beechwood Streets. Along with the Tree and Park Department we planted six arborvitae at the Town Hall and two spruce trees on Hull Street.

The Highway Department also installed a new drainage system on Linden Drive.

During the fall we began working on the walkway between the Town Parking Lot and the center of Town. This project was time consuming, but certainly worthwhile for its beauty.

Finally, the Blizzard of '92 kept us busy cleaning sand and stone from roadways and other areas.

I would like to extend special thanks to my men and to the men from the Tree and Park, Wire, and Water Departments.

Respectfully submitted,
Harold W. Litchfield
Highway Surveyor

PUBLIC WORKS GARAGE STUDY COMMITTEE

The Public Works Garage Study Committee was formed to study the requirements of and potential sites for a centralized public works facility. Specific tasks to be accomplished include the following:

- . Review the data and conclusions of the Town Garage Study Committee;
- . Review the data and conclusions of the Public Works Study Committee;
- . Determine the space needs for equipment and personnel of the various public works functions and operations, including school department and refueling depot;
- . Survey the Town for potential sites; and
- . Review zoning, wetlands and locational issues of each site.

During 1992 the Committee has reviewed the final reports prepared by the Town Garage Study Committee and the Public Works Study Committee. To determine the space needs and other requirements for a centralized facility, we have met with representatives of the Highway Department, the Tree and Park Depart-

ment, and the School Department. In addition, Committee members have visited the current facilities used by the Highway Department and Tree and Park Department.

With regard to potential sites, the initial focus of the Committee was to evaluate the facility formerly occupied by Winter Gardens, since this property was available for purchase. Based on this evaluation, the Committee determined that the use of this facility for a centralized public works facility did not make sense from an economic standpoint.

In addition to the former Winter Gardens facility, several potential sites on land owned by the Town of Cohasset have been identified based on a review of the report prepared by the Town Garage Study Committee and maps provided by the Town Assessors' Office. Specifically, the following four sites are under consideration:

- . Assessors Plan 18. Location of the Highway Department Garage behind the Red Lion Inn. This includes 45,785 square feet, plus a portion of the municipal parking lot (Plans 27 and 18). These plots back up to the old railroad right of way.
- . Assessors Plan 42. 'School Department' land between Sohler Street to Smith Place and westerly to Route 3A (approximately 70 acres).
- . Assessors Plan 15. The gravel pit land opposite the westerly end of Red Gate Lane and backing up to the Little League Field (part of 8.85 acres).
- . Assessors Plan 5. The transfer station on Cedar Street (part of 19.13 acres).

As a first step in assessing the suitability of these sites, other Town Committees and Boards have been asked for any comments or concerns that they may have regarding these four sites.

During 1993 the Committee will focus on the following activities:

- . Documentation of the space needs and other specialized requirements for a centralized public works facility;
- . Identification and, to the extent possible, quantification of the benefits associated with a centralized facility; and
- . Documentation of the advantages and disadvantages of potential sites.

We anticipate that a final report will be prepared early in 1993.

REGIONAL REFUSE DISPOSAL PLANNING COMMITTEE

The Regional Refuse Disposal Planning Committee is made up of three members from each of ten towns. Those towns are Cohasset, Duxbury, Hanover, Hingham, Hull, Marshfield, Norwell, Rockland, Scituate and Weymouth. Cohasset's members are appointed by the Town Moderator. The Planning Committee has met monthly this past year and is presently writing an agreement and budget which must be voted on by the Town at a Town Meeting. The three members from Cohasset will continue to participate on this Committee and present the agreement and budget to the Town as soon as it is finalized.

SEWER COMMISSION

The Town's Waste Water Treatment Plant ("WWTP") continued its excellent record in 1992 under the Town's operation and maintenance contract with Professional Services Group, Inc.

The Sewer Commissioners continued their efforts to obtain State approval of the proposed plant expansion and modernization as an acceptable alternative to the far more costly "Hull Plan". To this end, we arranged a visit to the WWTP by Daniel S. Greenbaum, Commissioner of the Department of Environmental Protection ("DEP"), and Edward Kunce, Deputy Commissioner of the DEP for Operations. We believe that Messrs. Greenbaum and Kunce were favorably impressed with the Cohasset operation and tentatively sympathetic to the Commissioners' proposal for expansion and modernization of the WWTP, particularly since this would be undertaken without State funding. The Commissioners intend to pursue this alternative vigorously in 1993.

TREE, PARK AND CEMETERY DEPARTMENT

The Tree, Park and Cemetery Department was as busy as usual maintaining the parks, commons and playing fields.

The Department had additional work at the Little League Field assisting in the installation of a batting cage and planting shrubs. We repaired and replaced posts, ties and some chain link fencing at Milliken and Beechwood Fields.

The Tree Department removed dangerous branches and trimmed out dead wood on roadsides, all three schools, and parks.

The Department will be doing drainage work soon at the Beechwood Ball

Park to relieve a dangerous situation that has occurred in the last three or four years.

The Department had additional work with the Northeast and "No Name" storms.

We assisted the Highway Department with the James Brook Walkway and in planting trees around the square.

The Tree, Park and Cemetery Department would like to thank departments who assisted in cleaning up after the storms and also those who assisted our Department during the year.

Respectfully submitted,

Peter G. Laugelle, Superintendent

WATER DEPARTMENT

Total production of the treatment facility for the year ending December 31, 1992, was 194,282,200 gallons of drinking water. This is a slight decrease from previous years and is predicated on the unseasonably cold summer months we experienced. An ongoing and aggressive preventative maintenance program for both the treatment facility and distribution system is a major priority. However, due to the advancing age of the facility and associated pumping and purification equipment, some unscheduled emergency repairs should be anticipated in the future. In addition, every effort is being made to reduce or eliminate expenses and still maintain the same level of service to the community and upkeep of our systems.

Mr. Franl C. J. Hamilton resigned as Superintendent after many years of service to pursue a teaching career and other endeavors. His knowledge and expertise will be missed, but we wish him the best of luck in his chosen career.

State and federal mandated requirements continue to change on an almost daily basis to assure compliance with the Safe Drinking Water Act. We can anticipate and will meet or surpass the more stringent guidelines being set forth, but this will be at an added expense to the Department.

The Department would like to acknowledge the cooperation of other Town departments with special emphasis and thanks to Highway Superintendent Harold Litchfield and his staff.

HUMAN SERVICES

COUNCIL ON AGING

The Cohasset Council on Aging (COA) has continued its effort to meet the mandate of Chapter 40, Section 8B of the Massachusetts General Laws..." to coordinate and carry out programs designed to meet the problems of aging in coordination with programs of the Executive Office of Elder Affairs."

During 1992, the Senior Center continued to act as the central mechanism for the delivery of services and activities to Cohasset's Senior citizens' population by offering services and programs that would help them lead more independent and self-reliant lives. Programs concerning legal issues, such as estate planning, probating wills, the newly enacted Health Care Proxy, and various Medigap policies, were among the educational forums held at the Center.

In addition, a cataract and cholesterol screening, along with the monthly blood pressure clinics, were all well attended.

A review of the past year's record illustrates that 30,571 units of services were provided to 560 individuals coming into the Center, and 250 at home utilized service that were provided via the aging network and support system.

The Outreach program has had one of the largest growth in services. Susan Connolly continues to oversee the program area and has assisted a number of older adults within the community, while supporting and providing an avenue for the provision of services for the spouse, caregivers and/or family members. Outreach is one of the most important facets of our department. The main goal of Outreach has always been to meet the needs of seniors. We will continue to seek out ways to improve our methods in meeting these needs and we will continue trying to achieve this by "reaching out" and offering assistance and/or support to the individual.

Accomplishments in 1991-2 include the Council becoming a sponsor of the SHARE program serving 197 different participants. The duplicated units of food totaled 947 from September 1991 - June 1992.

The SHINE Program continues to be a very popular program at the Council. This past May, Pat Ryan left the position of Coordinator after three years. The Council is indebted to Pat Ryan for her efforts to keep the Program thriving and to serve more elders with fewer resources. The Program served more than 300 seniors. In addition, counselors recovered a total of \$16,083.12 on behalf of their clients. Pat's replacement, Kathy Glenzel has returned to the position she originally held and we welcome her. In September 1992, Kathy organized a SHINE Training for new volunteers held at St. Anthony's Church. All volunteers will be certified before placement into the surrounding towns.

VOLUNTEERS continue to be the backbone of our department. In 1992, we were most fortunate to have received in-kind service that would have cost \$190,000. This represents 21,031 hours in volunteer services, including 2,958 hours from the SHARE program. Other examples of dedication and commitment are driving the shuttle, helping with the nutrition program, program instruction, assisting in the office, working at Town Hall, sending out the monthly VISTA, SHINE counseling, and the telephone reassurance program.

As we look back on this past year, we feel the Council should be very proud of its accomplishments: making a smooth transition for the Service for Seniors Program from the Social Service League; helping to institute the SHINE program last Fall; working to make the first WINTERFEST a great success; the upgrading of the COA Director's position. Over the past year, we increased our involvement with the School and Town organizations. This is a great benefit not only to the seniors, but also to the students and families here in Cohasset.

The major event this year is the new addition to the Community Center. The Council on Aging has reached a crossroad where some of the programs had to be limited because of space limitations. When we finish this addition, it is hoped most of the programs and classes will again be under one roof.

Lastly, our Council, and indeed our community, was saddened to lose David Chittim this past year. His interest and dedication to people in need will be sorely missed.

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of this operation, and to the "Friends" of the Cohasset Council on Aging for their financial support. We also appreciate the support and dedication of our staff, and the many Town departments that have been very helpful to the Council on Aging.

COHASSET HOUSING AUTHORITY

Working with the Department of Mental Retardation and EOCD, the renovation of the Trettis house was completed in the fall and four clients moved in on November 17th. Human Service Options, Inc. of Braintree is the vendor agency and oversees the operation of the house and the supervision of the clients.

Working through Eastern Utilities, the Authority replaced kitchen lighting fixtures in sixty-four apartments and replaced thirty-two apartment building hall fixtures with energy saving fluorescent lights. Five hot water heaters were installed, which completed the replacement of all water heaters throughout the complex.

Participation in the Federal Section Eight program continues, however, no certificates have been received in the past four years.

State appointee Frederick Koed's term expired in November and he was replaced by Richard Silvia. Members of the board and the director expressed to Fred their appreciation of his efforts to expand housing units in town. His expertise in all phases of housing matters was also much appreciated.

The Authority wishes to thank the Highway Department, Fire Department, Social Service League, Visiting Nurses, Council on Aging, Homemakers, and all agencies that contribute to the health and well being of the residents of Harborview.

DRUG AND ALCOHOL COMMITTEE

The Drug and Alcohol Committee continued to reach out to the community in an effort to increase awareness of substance use and abuse. The new year began with the initiation of a very successful "Winterfest", a Drug Free Weekend in Cohasset. A steering committee, cochaired by Ned Tebbetts and Karen Hettstrom,

organized a weekend filled with activities for every segment of the community. Due to its success, another Drug Free Weekend is in the planning stages.

In June the committee presented graduates of Cohasset High School with commemorative key chains with the reminder that "Friends do not let friends drive drunk".

The committee mailed the "Red Book" resource material to parents of incoming 7th graders. An extra effort was made to impress upon the parents of 6th graders the importance of "Safe Homes" and the need to provide supervision at teen parties. The number of participating families in "Safe Homes" increased significantly this year, with almost 45% of the eligible families now participating. The committee again traveled to neighboring towns to provide insight and suggestions for planning "Safe Homes" programs.

The results of a comprehensive survey of drug use at Cohasset High School clearly indicate that we must do more to educate our children about substance abuse. In October the committee voted unanimously to pursue the implementation of the D.A.R.E. program in Cohasset at the 6th grade level. In addition to the comprehensive health education program in effect in Cohasset, the committee believes that the D.A.R.E. program will offer reinforcement at a critical age.

This year brought the resignation of several of the original members of the committee, and we thank them for their efforts and their commitment in bringing the issues of substance use to the public.

HANDICAPPED COMMISSION

During the 1992 calendar year, the application for a wheelchair van was accepted. Therefore, the Handicapped Commissions and the Councils on Aging will share expenses and time. The Handicapped Commission will complete plans to establish a Friends group.

Appreciation is expressed to past members John Zotos, Pamela Johansen and Cynthia Kuppens for their dedication to the Handicapped Commission.

The Handicapped Commission would like to express thanks to the liaisons who are willing to volunteer their knowledge and time to varied issues concerning the disabled.

HISTORICAL COMMISSION

We got a slow start on the Minot's Light replica; however, similar to two years ago, there will be great progress this coming spring. It will be sandblasted, painted, the window glass installed, and hopefully, the upper railings will be installed. We also hope to have the interior of the watchroom bricked. There is still a long way to go to its completion, but there will be marked progress in 1993.

Fund raising continues and we have been steadily selling tee shirts, sweat shirts, license plates and tote bags. Wig Pierson had his own tee shirt campaign and gave a generous contribution to the project. We are going to be selling prints suitable for framing of the iron light's destruction, the interim light-ship, and a print of the present structure. These prints are copies of early pen-and-ink sketches of the 1850-60's.

Work continues on the Town-wide survey. We are in the process of submitting Government Island and the Town Common for listing in the National Registry of Historic Places. There is much to be done and there are many qualified and deserving structures within the Town that could be nominated. David Wadsworth has laboriously indexed the survey on the computer as it progresses.

Our chief reason for existence is to promote and try to protect the historical integrity of the Town of Cohasset. We meet each month on the second Monday in the Town Hall. We welcome visitors and input from interested citizens.

PAUL PRATT MEMORIAL LIBRARY

The Trustees of the Paul Pratt Memorial Library are proud to report a year of real progress and a good return on the tax dollar at Cohasset's public library.

Circulation "on line". Years of planning, spending, and extraordinary effort by the library staff came to fruition on December 29th, when the library's circulation system went "on line".

While the marvels of electronics are hardly new phenomena, nonetheless the Old Colony Library Network (OCLN) system's handling of check-out and returns of library materials at the circulation desk seems quite astonishing. And perhaps it should, since this "magic", in fact, has been the result of painstaking re-cataloguing of all the 50-odd thousand items in the library; for each library item,

complete data needed entry into the OCLN database, and a barcode affixed to each object.

This monumental task has taken several years to complete. While some temporary staff did a considerable amount of the data entry, our own permanent staff was able to maintain cheerful and effective library service during a long transition period, and, at the same time, complete a significant portion of the data entry. Their professionalism in these circumstances has been both impressive and very much appreciated by the trustees, volunteers, and library users.

New library card. Similarly, on the customer end, the new circulation system meant that new library cards were needed which would permit the application of an identifying user-barcode. The trustees suggested and the Friends of the Cohasset Library, Inc. enthusiastically took up the idea of designing a logo for the library which could be used on a new user card as well as other materials. John Hartshorne of Border Street and his daughter Ellen, of Columbus, Ohio, a professional graphic artist, collaborated in using the library's weathervane to design a logo and a library card for the library. Their generous contribution of their time and talent has greatly benefitted the town.

Other gifts and free services. In addition to the marvelous library card, the Friends, under Patience G. Towle's leadership, contributed in other very important ways to the library. More than fifty volunteers worked at the library during the year, at a value of \$30,000 of equivalent paid time. Beyond that help to the budget, the Friends purchased family passes to the Museum of Fine Arts, the Museum of Science, the New England Aquarium, and the Children's Museum. The Friends also gave an outright gift of \$4,500 to the library to buy books, as well as paying for the books awarded in the children's summer reading program. The Friends are also helping to "market" the library with the sale of attractive canvas book bags, and by contributing weekly news to the *Cohasset Mariner's* library corner.

A bequest of \$5,000 from the estate of Ruth H. Barrett, and a \$2,000 gift to the Evelyn Wood Book Fund were welcome additions to the library's endowment this year. \$11,924 of endowment income was used in support of the library's budget. Cohasset again qualified for state aid to libraries, in the amount of \$5,267.

Other. A first contract between the Town and the library employees' union was negotiated and approved by Town Meeting. An OCLN computer terminal has been located in the High School library for students' use during the day, with the school budget assuming the library's costs for it. Lastly, repairs to the library's cupola are underway, and new, more efficient lighting will soon be provided under an Eastern Edison rebate program.

The Paul Pratt Memorial Library is one of Cohasset's treasures, under the very capable management of Richard E. Hayes, Chief Librarian. The trustees take responsibility for its well-being very seriously and would welcome comments or suggestions at any time.

RECREATION COMMISSION

It gives me great pleasure to report to residents the activities of their Recreation Commission for Fiscal Year 1992.

During the year, 6,685 individuals of all ages participated in a variety of structured programs, activities and special events. While budget restrictions persist, more latitude of use of the Revolving Account Fund for 100% Self-Supporting Programs has been possible due to legislative modification of the RAF laws and guidelines. Currently, most programming is conducted via the RAF Accounts, causing no impact upon taxpayers. The Recreation Commissioners adopted an Administrative Service Fee charge to all RAF programs during Fiscal Year 1992, providing a financial system that reimburses taxpayers for the costs and time encumbrances of RAF Program operations. That is, the ASF revenues are deposited into the General Fund of the Town, hence, can be applied to offset tax rated the following Fiscal Year. Collectively, it is the revenue produced via Administrative Service Fee's fees for budget sponsored programs and beach parking sticker sales that reimburses taxpayers for the budget of their Recreation Commission. Only revenue on deposit in the General Fund can be considered recapitalization revenue.

In Fiscal Year 1992, the Recreation Commission produced for the General Fund \$60,016.60. Concurrently, during the same period, \$73,614.60 was transacted via Revolving Account Funds for 100% Self-Supporting Programs via fees charged participants for a variety of services. Another \$24,089.00 was transacted via other self-supporting financial systems during F.Y. 1992, manifesting a collective \$157,720.20 of recreational services to residents from the \$66,963.00 budget of the Commission. These figures do not include the thousands of man hours that are annually donated by hundreds of residents, in support of a variety of program operations.

Municipal recreation is for the benefit of all residents and we continue to direct our efforts towards assurance of equal access and opportunity for the entire community. To this end, a specific and calculated portion of revenue was not collected this year from residents who were temporarily unable to pay full fee charges for services. In many instances time was volunteered in lieu of full fee payments, benefiting the department and participants of programs.

The burden placed upon public recreation during difficult economic times, makes our encumbent responsibilities more difficult to satisfy, yet acutely demonstrates the necessity for governmental bodies to remain flexible and responsive to dynamic community needs. No child or youth should be eliminated from participation in any municipally sponsored leisure service because of any financial circumstance that might prevail, and an investment in our young people is a very apparent and worthwhile investment in our community. The concept of equal opportunity and access for all residents under all conditions epitomizes the general philosophies and principles of public recreation.

Programming represents only one of the responsibilities, duties, and functions as prescribed and conferred upon the Recreation Commission by both Massachusetts General Laws and By-Laws of the Town. Continuing efforts from

F.Y. 91 are focused upon upgrading and renovating existing outdoor recreational facilities under the jurisdiction of the Commission. Current projects include repairs and additional apparatus for the Beechwood Field Playground, re-lighting the Milliken Field Tennis Courts, and installation of new lights and basketball standards, boards and rims at the Osgood School Basketball Court.

During the October 30, 1991 storm damage to lights and light poles were sustained at the Osgood Basketball Court by high winds. As a result of insurance claims, new lights have been purchased and Eastern Edison has erected a new light pole. The Cohasset Basketball Boosters Club has purchased two sets of basketball standards, boards and goals for that facility. With the new court surface, completed last year via the auspices of the Highway Department, along with future regrading of the grounds adjacent to the court, the Osgood lighted basketball facility will soon be in top-notch condition.

It has been and continues to be, through a blending of private and public resources and funding, that most facilities have been upgraded and/or renovated. Numerous town departments and officials have continued to support our efforts in this area, for which we remain enormously grateful.

The seven member, elected board of Recreation Commissioners, volunteer their services to the town and department, meeting regularly in order to discuss a wide spectrum of topics relative to the leisure needs and pursuits of all residents. Further, the Commissioners establish policy, and provide departmental direction, support and assistance. Each meeting is publicly posted at least on week prior to date and residents are cordially invited to attend and participate in any meeting. Essential to our proper function, and absolutely vital towards success, is the ability to remain responsive and dynamic to changing community needs. We consider your input and feedback our most important source of guidance.

The Recreation Commission wishes to acknowledge gratitude to the many individuals, civic and business organizations, school and sports groups, Town boards, committees, and departments who have lent their support and assistance in our efforts to best serve the recreational and leisure needs of residents of all ages. While too numerous to mention each by name, none are forgotten and all are sincerely appreciated and thanked.

SOCIAL SERVICE LEAGUE

The Social Service League, under contract with the Board of Health, offers Public Health Nursing Services to Town residents. The services include: monthly Keep Well Clinics, health promotion and education programs, and communicable disease report follow-up. The League office at 16 Highland Avenue is open for blood pressure checks, diabetic screenings, tuberculin testing, and general health consultations. The office hours are Monday, Wednesday and Friday from 8:30 a.m. to 9:30 a.m. and 12:30 p.m. to 1:30 p.m.

Monthly Keep Well Clinics are held at the 60+ Club meetings, Senior Lunches at the Parish House and at Harborview senior citizens' housing. These clinics are open to all Town residents.

Additional activities this year included: Annual Health Fair in May, two Mammography screenings, two Flu Clinics in October, participation in a First Aid Class at the Town Recreation Department's summer program at the Osgood School, and speaking to the Junior/Senior class at Cohasset High School on career day.

Community education programs offered this year included: "Women's Heart Health" presented by the American Heart Association, a program on Breast Cancer by Dr. Dixie Mills of the Faulkner Breast Clinic, and a program on new immunization guidelines presented by Lisa Berger, epidemiologist from Mass. Dept. of Public Health.

The Social Service League continues to cooperate with the Board of Health, the Council on Aging, the Cohasset schools and area physicians to improve health awareness and promote optimum health for all ages in the community. We wish to thank all volunteers and community groups that have assisted us in the past year.

SCHOOL COMMITTEE AND SUPERINTENDENT OF SCHOOLS

It is with pleasure that we submit the 1992 Annual Report for the Cohasset Public Schools. Despite the Legislature's promise of major education reform, we face the new year without the reality of such reform. Political disputes have delayed passage of the Reform Act and consequently, urgently needed change in our education system has been delayed. We can only hope that concern for the education of our children, the future hope of our country, will overcome political considerations and the resulting initiatives will enable the Commonwealth to embark on this new venture of educational improvement.

While eagerly awaiting these changes, we have during the past year continued to address educational issues of concern within our community. As a result of a modest increase in staff salaries and a successful override, we were able to not only continue the present level of educational services available to our students, but also to add some much needed resources to our system. The F.Y. 93 budget included the new positions of Technology Assistant and Maintenance Assistant. These two positions will enable the system to both make progress in implementing new educational technologies and also to continue our ongoing program of building maintenance and renovation.

The School Committee also continued its practice of establishing annual goals for the system. For the coming year the goals are:

School Facilities

- Revise five year capital budget plan.
- Implement maintenance plans at the Osgood, Deer Hill and Junior/Senior High School.
- Review pupil transportation options.
- Explore expanded community use of school facilities.

Professional Development

- Implement new teacher evaluation procedure.
- Establish individual school goals.
- Review In-Service structure.

Curriculum

- Conduct review of K-12 science curriculum.
- Develop plan to better utilize diagnostic testing program.
- Monitor new grouping procedures at the Junior/Senior High School.

Administrative Organization

- Review the department chairman structure at the Junior/Senior High School.

Community Support

- Continue to implement programs that increase public awareness of school programs.

Alternative Financial Resources

- Work with Local Education Foundation to identify corporate funding and/or other private sources of financial support for school programs.
- Explore possible regionalization of educational services.

It was with much pride that we received notice from the New England Association of Secondary Schools and Colleges that the Junior/Senior High School had received full accreditation from the Association. The awarding of accreditation followed a rigorous two-year self evaluation process by the Junior/Senior High School staff and on site evaluation by a team of educators from throughout Massachusetts. The staff of the Junior/Senior High School certainly can be proud of this achievement and we are certain that they share with us the feeling of gratitude for the continuing support of education by the community.

We also note with enthusiasm the formation of the Cohasset Education Foundation. This private initiative developed to provide support for public education program within the community has the following Mission Statement:

"The Cohasset Education Foundation is a community wide partnership committed to enriching the quality of public education programs and instruction. In cooperation with the faculty and administration, the Foundation will identify projects beyond the scope of the traditional school budget which improve educational opportunities for all students. The Foundation will develop innovative resources both private and public to accomplish this mission."

Support by this group as well as the Parent School Organization, the Arts Booster Club, the Cohasset Drug and Alcohol Committee, sponsors of the annual Drug Free Weekend, and others do much to supplement the activities of the school system and thereby improve the educational opportunities available to our students.

SOUTH SHORE REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL

As concern over funding sound public education grows, the economy continues to falter and future uncertainties become the norm, South Shore Regional Vocational Technical High School, in its thirtieth year of serving southeastern Massachusetts, maintains a positive and productive relationship with its district town members. During shifting political cycles and an ever changing social climate, South Shore has been a stable asset to area business and industry, as well as to many young people and to the communities it serves. While primarily here for students and their futures, every year Vo-Tech provides dozens of services for our member towns through our diversified technical programs and the skills their students have developed with the guidance of dedicated instructional staff members.

In recent months alone, repairs to local fire department equipment, re-wiring of municipal facilities, renovation to town offices, and the hosting of nearly one hundred and fifty senior citizens through their Councils on Aging for a Christmas dinner, have highlighted our commitment to involvement and partnership. Area youth groups, the Boy Scouts, athletic programs, and community organizations continue to find welcome assistance from the South Shore Regional School District. South Shore remains involved and committed to serving the community, while providing the best and most well rounded vocational technical education possible to the secondary school students and adults of the area. Through the Continuing Education Program, approximately 500 adult learners in the past year have acquired new skills or enhanced existing ones, helping to fulfill our message to all, that more than ever before, learning needs to be a life-long enterprise.

Under the new, energetic leadership of Superintendent James Hager, who took the South Shore helm on July 1st, the academic and technical education provided at South Shore continues to be responsive and current. Programs such as Principles of Technology, honors level course work, "Tech Prep" articulation curricula with area colleges leading to advanced standing for our graduates, and attempts to appropriately integrate technical and academic instruction help to provide a meaningful bridge to the world of work and lifelong learning. As in the past, approximately 70% of last year's graduates moved directly into the work force, with the majority into career areas for which they have been trained. On average, typically 15%-20% have gone on to college and 3% into the military. College level involvement, even if months or years after graduation, is on the upswing.

Perhaps the defining event for the South Shore Regional School District in the past twelve months has been the delivery of the long awaited approvals and recent ground breaking on its campus consolidation facility construction. It is anticipated that the building project will be completed and the moving in will occur around Christmas of 1993. The addition to the Hanover complex will not only add the much needed physical space, but help to provide an infusion of opportunity for even better outreach to the citizens of Cohasset and their children, as well as those of other district and surrounding communities.

Historically, we judge that approximately 30% of our graduates have gone on to assume leadership and/or ownership positions in businesses and industry in our area. This year, for the second year, we are engaged in an important and successful Education/Industry Partnership with Procter & Gamble Company in Quincy. Other inroads to mutually beneficial relationships with business and industry are being sought and initiated. Several companies and state agencies have been contacted about possibilities for technical school to work collaboration.

During the current school year, South Shore staff have been actively involved in the self study phase of a ten-year New England Association of Secondary Schools and Colleges evaluation. While examining every facet of the educational operation, an important component is the relationship of school and community. Many of our graduates provide valuable advisory feedback to how we

can best meet our educational and community missions. A visiting committee of educators from around New England will add invaluable responses as well when they arrive for a scheduled visit in November.

Currently there are 421 students enrolled in the school. One hundred seven, or 25.4%, are female, and 314, or 74.6%, are male.

South Shore has been proud to serve the community of Cohasset and the region over the years. We appreciate your support, and pledge to continue to deliver the highest quality programs it is within our power to provide you and your children, and to continue to add value to the entire South Shore community.

Respectfully submitted,
South Shore Regional School District

REGIONAL SCHOOL DISTRICT PLANNING COMMITTEE

Our Committee was voted at the April Town Meeting, and convened this fall to assess the feasibility of forming a Regional School District with one or more towns in our area. Hingham and Hull voted at their respective town meetings to form such Committees; only Hingham named its members.

We have worked with the Hingham committee to prepare a preliminary financial impact assessment for forming a Hingham-Cohasset Regional School District. Our approach has been to examine the key changes to facilities, personnel costs, operating expenses, and State Aid which would result from a regional approach to schools. We have received input and assistance — for which we are very appreciative — from the School Committees and Superintendents of both towns, from various Town agencies, and from staff members of the State Departments of Education and Revenue.

At year's end, we are preparing the results of this initial assessment for submission to the Board of Selectmen in early January. A major finding is that the financial impact of a regional system will be primarily determined by State Aid to Education legislation currently under review. Our Committee expects to submit a final recommendation after the legislative picture is resolved.
